COLORADO SPRINGS GAZETTE.

NUMBER 5571. COLORADO SPRINGS, COLO., FRIDAY, MARCH 20, 1896.---EIGHT PAGES. PRICE FIVE CENTS.

GREAT CHUNKS OF HARMONY.

"For Its the Same Thing Over Again."

OLD OFFICERS RENOMINATED.

City Republican Convention was Unique in Its Pacific Mood—It Only Took an Hour to Dispatch the Business of the Evening.

The Republican city convention last evening was about the most harmonious affair of the kind ever known in the city. The fact was that practically everybody was agreed that there should be no change in our excellent city government this year, and all that remained to do was to get together and go through the form of nominating the officers. The convention was held in the court house hall, which was filled with people.

Chairman Pease called the meeting to order and Chas. S. Sprague was named for temporary chairman. E. S. Worley was elected secretary.

Upon motion of F. A. Mangold, the chairman named a committee of one from each ward on credentials. The chair selected W. A. Platt, F. A. Mangold, D. W. Marlow, Paul Bernard and Judge Morris.

While the committee was out the convention got a bit rattled and proceeded to make the temporary officers permanent. After the committee came back and their report had been accepted this was done regularly. The committee's report was that there were only two proxies and no contests.

Nominations were in order and the chairman followed the call for an order of business.

Mr. W. A. Platt nominated Moses T. Hale for city treasurer. There were a lot of seconds, nearly every one wanting to testify how excellent Mr. Hale is as city treasurer. The nomination was made by acclamation.

Judge Morris nominated Charles E. Smith for city clerk, and after a lot of seconds he was nominated by acclamation.

Dr. T. G. Horn arose and nominated L. C. Dana for city marshal. He made a short talk on the efficiency of our police protection and its cheapness, which are Mr. Dana's monuments. There was a whole lot of seconds. A. L. Painter arose and nominated William Saxton.

The chair appointed Mrs. McArthur and Chas. Martin to take the ballot, and when it was counted it was seen that Mr. Dana had 19, Mr. Saxton 12 and 1 for James Harlan.

Judge Morris nominated J. K. Goudy for city attorney, and there was not another name put up so Mr. Goudy was declared the nominee by an unanimous vote.

Next there came another small contest. Judge Sloan nominated O. R. Dunlap [illegible] there were a number of seconds. Delos Durfee nominated E. W. Roberts. The ballot stood 24 for Dunnington and 6 for Roberts, with 1 for Wm. Butler.

D. B. Fairley nominated H. I. Reid for city engineer, and that went through with a whoop.

Dr. J. T. Reed named George F. Owen for police magistrate, and there was not a dissenting voice.

John W. Chapman was elected chairman of the city central committee. The eagle was adopted as the emblem and the committee instructed to fill the vacancies.

A vote of thanks was given the chairman and officers and the convention adjourned.

It took only an hour, but everybody was happy. It hardly seems probable that the ticket will meet with any opposition at the polls. There is certainly nothing like a demand for it among the citizens, and a contest against it would be hopeless.

INDIANA FOR M'KINLEY.

Delegates Pledged by Resolution in Ten Out of Thirteen Congressional Districts.

Indianapolis, Ind., March 19.—The Republicans of Indiana to-day held their Congressional district conventions for the election of delegates and alternates to the national convention and for the nomination of candidates for Congress. William McKinley's name was well received at all the conventions in the 13 districts, and most of them either indorsed the Ohio man for President or adopted the stronger course of instructing their delegates to vote for him until his name was withdrawn or his nomination had been accomplished.

The Second district convention was divided between Allison and McKinley, and the delegation was uninstructed.

The Seventh district practically sent McKinley delegates. Harry S. New of Indianapolis, who is a Harrison man from intimate friendship with himself and father, stated when elected one of the delegates that he would vote for McKinley if the conditions remained as they were at present. The other delegate is a McKinleyite.

Resolutions indorsing McKinley were adopted in the First, Third, Fourth, Fifth, Sixth, Eighth, Ninth, Tenth, Eleventh and Twelfth districts, and the delegates so instructed. The Thirteenth district declared for him, but did not instruct the delegates. Most of the indorsements were carried through without opposition.

The Second district renominated Hon. A. M. Hardy of Daviess county for Congress, Marcus R. Sulzer of Madison was nominated in the Fourth; Congressman J. N. Leighty was renominated in the Twelfth and Congressman James A. Hemenway in the First.

The Delegates from Brooklyn.

Brooklyn, March 19. Conventions were held by the Republicans in the five Congressional districts of Kings county tonight to elect delegates to the national convention at St. Louis. The following were chosen: Second district, Theodore B. Willis and George H. Roberts, Jr.; Third district, Timothy L. Woodruff and Walter B. Atterbury; Fourth district, Granville W. Harrison and Joseph R. Clark; Fifth district, Frederick W. Wurster and Ernest J. Keltenbach; Sixth district, Henry C. Saffen and George W. Palmer.

The contest in this city was more of a local affair than a national one, the Willis-Wurster faction carrying the Second, Third and Fifth districts, and the Worth faction the Fourth and Sixth districts. The former faction favor the candidacy of Gov. Morton for the Presidency and it is thought that the Worth faction also favors Gov. Morton, as Mr. Worth is an adherent of Mr. Platt's.

Twenty-second New York Republican.

Ogdensburg, N. Y., March 19.—At the Twenty-second district Republican convention, held at Potsdam to-day, Hon. William L. Proctor of Ogdensburg, and Hon. William W. Worden of Saratoga Springs, were elected delegates to the national Republican convention at St. Louis. Resolutions indorsing Morton for the Presidency were unanimously adopted.

A Boil in Staten Island.

New Brighton, Staten Island, March 19.—The Republican convention in the Seventh Congressional district was held here to-night. There was a row from the start, and the McKinley faction, numbering 11 of the 24 delegates, left the hall [illegible] The vote on credentials was taken. The delegates chosen to the national convention are: ex-Judge Van Cott of New York and Hugh McHoberts of Staten Island. Presidential elector, Frederick Hasty of New York. The bolting letter selected Martin Healy and Abram Cole as delegates.

Morton Indorsed.

New York, March 19.—At a meeting of the Republican county committee tonight Edward Lauterbach presiding, Boyd Collins, ex-commissioner of Public Works, offered resolutions indorsing the candidacy of Gov. Levi P. Morton for the Presidency. Several delegates objected to the passage of the resolutions on the ground that they did not allow for any second choice, but after an eloquent speech by Mr. Collins they were carried by a vote of 73 to 3.

IN NEBRASKA.

A Compromise Arranged Between McKinley and Manderson.

Omaha, March 19.—The fight between the McKinley and Manderson factions of the Republican party is at an end, terms of a compromise having been agreed upon this evening at a conference of the leaders. Senator Thurston, the recognized head of the McKinley boom in Nebraska, accepted the general terms of the compromise yesterday, but Gen. Manderson, who is in Washington, held out until to-day for a delegation to the St. Louis convention instructed for him. To-night he agreed that he would be gulched by what his friends in Nebraska thought was best. The provisions of the compromise briefly stated are these: The Nebraska delegation will be for McKinley, but Manderson's name will be formally presented to the convention unless it is apparent that the Ohio man's nomination is assured.

All district conventions are instructed to abide by the agreement and the Manderson people have Senator Thurston's word for it that the terms will be carried out.

Tennessee Democrats Split.

Knoxville, Tenn., March 19.—While was probably the crisis in the Tennessee gubernatorial campaign was reached today when nearly 2,000 Democrats split into two conventions, one of which indorsed B. L. Taylor for Governor. This is Harrison's home, and his friends are confident of carrying the county for him. The dissatisfaction in his own county, it is thought, will assure the nomination of Taylor.

The Alabama Delegation.

Birmingham, Ala., March 19.—Dr. Morley, chairman of the Republican executive committee, to-day stated that there have been 37 county Republican conventions held in the State up to date, and of these 26 are for McKinley and 10 for McKinley. With some contests pending, he does not believe that McKinley will have over six delegates in the national convention from Alabama.

HOUSE OF COMMONS.

Explanations Concerning the Dongola Expedition and Abyssinia.

London, March 19.—In the House of Commons to-day Mr. Labouchere, referring to the British expedition to Dongola, asked the government if any alliance existed between Great Britain and Italy.

Mr. Curzon, under foreign secretary, said there existed no alliance or agreement of any kind between the two countries, but the circumstances in which they were placed. He pointed to the expediency of a friendly co-operation between the two governments in defense of their common interests.

Mr. Curzon also announced that M. Berthelot, French minister of foreign affairs, had informed Lord Dufferin, the British ambassador to France, that he repudiated all responsibility for the statement made in reporting the purport of the interview between the minister and the ambassador on Tuesday in which the former is represented as having demanded to know the reasons for the British expedition up the Nile and as having pointed out the gravity of the consequences of the movement. Such statements, M. Berthelot had said, must have been published by misinformed persons.

France, Mr. Curzon said, had been informed of the intended plans of Great Britain in the Nile valley, but the French government had not as yet made any reply. The Italian government, Mr. Curzon continued, had informed England that Italy would not evacuate Kassala, unless the military authorities there should find it impossible to hold the place.

Mr. Balfour, first lord of the treasury and government leader in the house, said that the British ambassadors to Paris, Berlin, Vienna, Rome and St. Petersburg, had been instructed to communicate to the respective governments to which they were accredited the grounds upon which the English advance up the Nile valley had been made, and also to point out the fact that in order to meet the expenditures required, it might be necessary to use a larger sum than was at the disposal of the Egyptian treasury and that the government hoped that the commission of the Egyptian public debt would assent to the expenditure of £500,000 from the reserve fund, which was now £2,500,000.

The governments of Germany, Italy and Austria had given replies assenting to this, but Russia and France had not answered. As the operations were in the interest of Egypt, Mr. Balfour said, the costs should naturally be defrayed from the reserve fund. It was not possible, he said, to form an exact estimate of the expense at present.

In the House of Lords Lord Salisbury in reply to a question from Lord Rosebery said the Italian government had not learned of the fall of Kassala, which is regarded as extremely improbable.

SPANIARDS ADMIT DEFEAT.

Official Reports Say Their Losses Were Lamentable.

(From a Staff Correspondent of the United Press.)

Havana, March 19.—News has been received here of an encounter yesterday amid the ruins of Cayajabos, province of Pinar Del Rio, between the forces of Maceo and a column of troops under Col. Frances. The enemy were entrenched behind walls. The troops fought valiantly. Th official report of the fight says that the troops sustained lamentable losses. The details have not been made public.

Col. Hernandez also had an engagement on the Mercedes estate.

The columns of Alnares, Echevarri and Inclan are in pursuit of Maceo's forces.

Gomez, who was in the province of Matanzas during the last two weeks, is now said to have moved west and entered the province of Havana.

J. FRANK CLARK.

In the Canadian Parliament.

Ottawa, Ont., March 20.—The session of the House of Commons, which began at 3 o'clock yesterday afternoon, is still in progress, it having been decided that it shall not end until the debate on the Manitoba remedial bill has been concluded and a division taken.

Mr. Bruneau (opposition) talked until 8:30 a. m. Thursday. He opposed the bill.

At 1 a. m. the House was still in session and a vote is not expected until the second reading of the Manitoba dial bill about 4 o'clock.

PROTECTION AND BIMETALLISM.

A Remarkable Conference Held in the City of Washington.

EASTERN MEN FOR SILVER.

Leading Manufacturers of Philadelphia Consult With the Western Silver Senators—Another Meeting Will be Held.

Washington, March 19.—At the Hotel Page an important conference was held tonight between the silver Republican Senators who voted against the consideration of the tariff bill in the Senate and a large number of the representative men from Philadelphia, who favor the linking together of protection and bimetallism. The authoritative statement issued by the conference after its secret session is looked upon by politicians as the first note of warning on the part of the Republican Senators from Western States against the adoption of a single gold standard plank in the St. Louis platform.

The conference was the result of the following correspondence between Mr. William Wilhelm, a prominent attorney of Pottsville, Pa., and the sextet of silver Senators named in the letter:

An Invitation Extended.

Pottsville, Pa., March 15, 1896.

Senators Jones, Teller, Dubois, Carter, Mantle and Cannon:

Gentlemen: It has been my good fortune to meet Messrs. James Dobson, Charles Heber Clarke and B. E. Defendorf of the city of Philadelphia. They and their industrial friends are anxious to confer with you relative to the present depression and the remedy for existing financial and industrial troubles. If you are willing to meet the Eastern men of enterprise, then please advise the after mentioned gentlemen so that a conference can be arranged between you and them and their friends. Enclosed find a list of Philadelphia manufacturers, who I am assured will take pleasure in meeting you. Yours sincerely,

WILLIAM WILHELM.

The Senators Reply.

United States Senate, Washington, D. C., March 18, 1896.

James Dobson, Esq., Philadelphia, Pa.:

Dear Sir: Accepting the suggestion made to us by letter by Mr. William Wilhelm of Pennsylvania, that it would be well to have a conference between representatives of industrial interests of the country and ourselves, we shall be pleased to confer with yourself and such men of enterprise as you may choose to invite to meet with us at an early date at Washington. Yours very truly,

H. M. TELLER,
E. T. DUBOIS,
JOHN MANTLE,
T. H. CARTER,
J. J. CANNON,
J. P. JONES.

Eastern Friends of Silver.

All the above Senators were present at the conference held to-night, as were also Congressmen Hartman of Montana, Allen of Utah and Wilson of Idaho, and also the following named representatives of manufacturing interests: James Dobson, manufacturer of carpets; George Campbell, woolens; James Pollock, carpets; S. B. Freeman, lumber; Frank Caven, silks; C. H. Hardy, yarns; George W. Elkins, street railways; Alex. Crow, carpets; Henry A. Frye, groceries; Henry Holmes, carpets; R. W. Scott, knit goods; James Brown, woolens; Howland Croft, worsteds; Charles McLeod, yarns; James Defendorf, yarns; John Fisler, wire; Robert Dawman, carpets; Robert W. Scott, knit goods, Charles H. Clarke, surgical appliances; Theodore R. Miller, upholsterings; Richard Campion, yarns; Joseph Bromley, rugs; Joseph R. James, woolens; Joseph Foster, dyes; James Phillips, worsteds; C. D. Fierstone, buggies, and R. E. Defendorfer, electrical appliances.

The conference was organized by choosing Senator Dubois as chairman and Mr. Wilhelm of Pennsylvania secretary. For three hours and a half, behind closed doors, the conference proceeded, involving the uniting of bimetallism and protection as a national issue.

Unqualifiedly for Free Coinage.

Remarks were made by Senators Teller, Jones of Nevada, Carter, Mantle and Cannon.

President Dornan of the Manufacturers' club of Philadelphia expressed the opinion that tariff duties could not be made high enough to protect our manufacturers, if our country remained on a gold basis.

Mr. James Dobson, the great carpet manufacturer, came out unqualifiedly for free coinage, by international agreement if possible, otherwise by independent action. He believed that independent action would induce international action. Free coinage might create temporary disturbances, but it was the quickest way to afford relief to mills all over the country which were suffering.

Henry A. Frye of Philadelphia said that the sooner that we took independent action for bimetallism, the better it would be. He declared for protection and bimetallism.

Charles H. Clarke, editor of the Manufacturer of Philadelphia, said he had labored in season and out of season to convince the manufacturers that protection would only prove efficacious in conjunction with the restoration of silver. That he was now happy to have so many representatives of the industrial interests of the country present to meet the Senators who had voted against the Dingley bill and to personally verify his declaration.

Richard Campion declared himself in favor of the restoration of silver, but thought that the cause of bimetallism was not advanced by the defeat of the revenue measure. Several opinions were expressed of regret at the loss of the Dingley measure, but no opinion antagonistic to the restoration of silver was uttered.

No Protection Without Bimetallism.

The Senators present defined their position in such a manner as to make it plain to the manufacturers that there could be no protective tariff legislation either at this session of Congress or the next, without the rehabilitation of silver, or bimetallism and protection constituted as an indivisible issue before the country.

Some of the manufacturers themselves indorsed the position as being the logic of the country's necessities and political conditions. The issue was clearly defined, but no attempt at organization was made. The intensity of the interest shown demonstrated a determination to rescue the country if possible from its impending industrial and financial ills.

Charles Heber Clarke invited the Senators to a meeting to be held at the Manufacturers' club, Philadelphia, at an early date.

Many strong letters in harmony with the purposes of the meeting were received from manufacturers throughout the country, who were unable to be present at this particular meeting. Incidental mention of the name of J. Donald Cameron for nomination for the Presidency met with cordial approval.

Powder Mills Exploded.

Kingston, N. Y., March 19.—The Laflin & Rand Powder works at Rifton exploded yesterday. The upper dizzor first exploded, setting off the dry house and wrecking the corning mill, engine house and tower glazer. Five men were killed, and an unknown man hurt. The names of the killed are: John Jones, Solomon [illegible] Nassin Decker. All leave families.

The cause of the explosion will never be known. The works were destroyed in a similar manner in January, 1894, and were afterwards rebuilt. They extended for half a mile along the Wallkill creek. The loss will exceed $25,000. The works are seven miles from Kingston. The shock, however, was felt strongly in this city and caused a small panic in several factories where female help is employed.

INDIANS AT WASHINGTON.

Kickapoos Object to the Land in Severalty Law.

Washington, March 19.—There was a picturesque gathering in the President's office in the White House this morning, when a delegation of Kickapoo Indians from Oklahoma Territory had an interview with Mr. Cleveland about the severalty law.

The venerable chief, White Water, explained through an interpreter, that his people were dissatisfied with the law dividing their lands in severalty. They obtained the land from the Great Spirit, he said, and wished to preserve their tribal relations and not be compelled to take up separate farms and become civilized. They had therefore come to Washington to see the great father to secure redress.

The President replied in kindly tones that the severalty act was a law of the land and he was obliged to carry it out. The white man had endeavored to improve his condition and the Indian should do the same. He hoped the Kickapoos would realize the wisdom of this and advised them to abide by the law and become civilized.

FIFTY-FOURTH CONGRESS.

Yesterday's Proceedings in the House and Senate.

Washington, March 19.—The Cuban debate in the Senate to-day was of a character to maintain the intense public interest in that question. It was to have been opened by Mr. Mills of Texas, but that Senator was too ill to be present, and the debate was opened by Mr. Stewart of Nevada. He declared himself anxious for action; said that the facts were too notorious to need further statement; favored the addition of the conference report, and said that if a concurrent resolution did not produce the desired result, Congress ought to pass a joint resolution and place the responsibility on the President of the United States.

"The Senator from Spain."

Mr. Gray of Delaware, a member of the Committee on Foreign Relations, rose in order, as he explained it, to give the reasons which compelled him to withhold his support from the conference report; but he was subjected to so many interruptions that his brief statement occupied over an hour. It closed with an expression of the hope that "Spain, without rupture of friendly relations, shall sit down with us at the council board of nations and consider whether there may not be some other way of this sorry controversy than the extermination of a whole people fighting for their liberties."

Mr. Gray was interrupted all through his speech by Mr. Hale of Maine, in the course of which Mr. Hale flatly contradicted a statement repeatedly made by Mr. Sherman of Ohio, chairman of the Foreign Relations Committee, as to Spain having violated all the promises and reforms stipulated in the capitulation of 1878, when the insurgents of that day laid down their arms. Mr. Sherman had said among other things that although representation in the Spanish Cortez was then promised, the Cubans had only one delegate there; but Mr. Hale affirmed that he had a list of 45 members in the House of Deputies and 14 or 15 members in the Senate from the two islands of Cuba and Porto Rico. Mr. Hale declared with warmth that he was laboring under a sense of indignation at the suppression of the facts of the case by the Committee on Foreign Relations.

Mr. Gray made a mock apology to Mr. Hale for interrupting his speech so much, but spoke of him, by an intentional slip of the tongue as "the Senator from Spain."

The junior Senator from Texas, Mr. Chilton, advocated the passage of a joint resolution rather than of a concurrent one; and declared his belief that intervention by the United States meant the ultimate annexation of Cuba, to which he was opposed.

The last speech of the day was made by Mr. Caffery of Louisiana, and was against the entire proposition, as having no better basis than stories in the Arabian Nights. The United States, he declared, was bound by international law not to meddle in the affairs of Cuba. If the United States did not cling to that law they would be outlawed from the circle of civilized nations.

Mr. Caffery had not finished his speech when the Senate at 4 p. m. adjourned until to-morrow.

HOUSE.

Washington, March 19.—The debate on the Bayard resolutions was continued in the House to-day and toward the close of the session descended into an exchange of personalities between Messrs. Sulzer (Dem.) of New York and Gibson (Rep.) of Tennessee. The display of a circular letter by Mr. Gibson to his constituents by Mr. Sulzer and the charge that it was being circulated under a frank, elicited an angry outburst from the Tennessean, who defied that he was using a frank upon the document, and the person who said so was the author of a vile slander. Later Mr. Sulzer withdrew the assertion and also apologized to the gentleman for anything he had said which might have given him offense, but that did not wholly satisfy Mr. Gibson, who in the course of a personal explanation said the circular had been stolen, being still, so far as he knew, in the hands of the printer, and asserted that if there were no receivers there would be no thieves.

The episode was quickly over and at its close the House adjourned.

The speakers to-day were Messrs. Tucker (Dem.) of Virginia and Cooper (Dem.) of Florida against the resolution of censure and Messrs. Taft and Wilson (Reps.) of Ohio, Pearson (Rep.) of North Carolina, McCall and Marrytt (Reps.) of Massachusetts in favor of them.

Mr. Grosvenor (Rep.) of Ohio defended the reputation of Gen. Schenck from the inference arising from the statements made yesterday by Mr. McCreary (Dem.) of Kentucky about his connection with the Emma mine and the publication of his rules of poker while he was Minister to England. Just before adjournment, an agreement was reached to take a vote on the resolutions at 2 o'clock to-morrow.

Mr. Taylor (Rep.) of Ohio reported the resolutions of the Committee on Elections No. 2, declaring the seat vacant now occupied by Mr. Boatner (Dem.) of Louisiana, and gave notice that it would be called up to-morrow after the pending resolutions have been disposed of, and be voted on without debate.

National Bankruptcy Bill.

Washington, March 19.—The sub-committee of the House Judiciary Committee which have been engaged in the preparation of a bankruptcy bill, finished their labors at a late hour this afternoon. Their bill will be laid before the full committee to-morrow. The original Torrey bill as amended in the Fifty-second and Fifty-third Congresses, serves as the basis of the new measure which provides for voluntary and involuntary bankruptcy. The only ground of involuntary bankruptcy in the new bill is fraud, actual or implied, on the part of the bankrupt. The involuntary features of the new bill do not apply to laborers or farmers engaged in tilling the soil.

ARBITRATION CONFERENCE.

An American Meeting Called for April 22 and 23.

A LETTER TO THE PEOPLE

Signed by Twenty-five Prominent Men of Washington, New York, Chicago, New Orleans, Philadelphia, Boston, Baltimore.

Washington, March 19.—The following letter has recently been mailed to over 1,000 representative men throughout the United States:

"Washington, D. C., March 12, 1896.—Dear Sir: A widespread desire has been manifested both in the United States and in Great Britain for the establishment between these two countries of a permanent system of arbitration.

"With a view to the accomplishment of that end, we hereby invite you to attend a national conference, to be held in the city of Washington on Wednesday and Thursday, the 22d and 23rd of April next, to express the general conviction that such a system of arbitration should be specially provided for by the proper authorities, and with the most comprehensive application practicable.

"It is earnestly desired that all parts of the country should be represented at this conference, and in order that this may be assured a similar invitation has been sent to representative men, irrespective of party or creed in every State and Territory in the United States, the combined membership of the two houses of Congress being taken as a general basis of numbers and apportionment.

"Assuming that you share our belief as to the importance of the end proposed we deem it unnecessary in this communication to enter into an extended statement on the subject. By repeated acts as well as by repeated declarations, our government has appeared before the world in advocacy of international arbitration as a measure conformable to our interests and the general interests of our institutions, as well as to the cause of general justice and civilization. To this effect patriotism, philanthropy, statesmanship and religion have spoken as with one voice.

"In confining the present movement to the promotion of arbitration between the United States and Great Britain we are not unconcerned for the wider application of the principle involved. But, taking into consideration the importance and the value of practical results, it has seemed wise to concentrate our immediate efforts upon the attainment of a permanent system between the two great English speaking peoples.

"Earnestly trusting that we may receive at an early day your acceptance of the invitation hereby extended, we remain, yours faithfully,

"Chief Justice Melville W. Fuller of Washington.

"Major General Nelson A. Miles, U. S. A., of Washington.

"Admiral John G. Walker, U. S. N., of Washington.

"Hon. John W. Foster, LL. D., of Washington.

"Hon. Abraham S. Hewitt of New York.

"Hon. Charles P. Daly of New York.

"William E. Dodge of New York.

"President Seth Low, LL. D., of New York.

"Hon. George R. Swift of Chicago.

"Marshall Field of Chicago.

"Marvin Hughitt of Chicago.

"Potter Palmer of Chicago.

"Cyrus H. McCormick of Chicago.

"President William Preston Johnson of New Orleans.

"Rev. B. M. Palmer, D. D., of New Orleans.

"Hon. Charles F. Warwick, Mayor of Philadelphia.

"Most Rev. P. J. Ryan, D. D., of Philadelphia.

"Bishop Cyrus D. Foss, D. D., LL. D., of Philadelphia.

"President Charles W. Eliot, LL. D., of Boston.

"Hon. William E. Russell, ex-Governor of Massachusetts.

"Rt. Rev. William Lawrence, D. D., of Boston.

"Horace Davis of San Francisco.

"I. W. Hellman of San Francisco.

"William H. Beatty of San Francisco.

"James, Cardinal Gibbons of Baltimore."

JAPANNED NEWS.

Foreign and Domestic Politics of the Mikado's Empire.

Tokio, Japan, March 3.—(Correspondence of the United Press per Steamer Peru.)—Eleven peaceful Japanese subjects including one woman, have been coolly murdered by Korean rioters since the coup d'etat of Feb. 11. The Tokio government is showing resolute patience in the presence of these outrages. It appreciates the inability of the Koren executive to deal with the anarchy now prevailing in the peninsula, and refrains from preferring demands that must tend only to precipitate a more acute crisis.

The political crisis, nearly precipitated in Japan on receipt of intelligence about the recent coup, has been averted. The balance of power in the Diet is held by a party numbering 30 members, and calling themselves the National Unionists. These men had hitherto sided with the government, but Russia's suddenly overshadowing appearance on the Korean stage perturbed them so much that they introduced a motion of want of confidence in the cabinet. Seeing that time alone was needed to calm the excitement, the government suspended the Diet for 10 days, before the motion could be discussed, and when the houses reassembled on the 25th of February, the National Unionists asked leave to withdraw the motion. That was not permitted, however. After a brief debate, a closing ballot was taken, and the motion was thrown out by a majority of 61 in a house of 265 members.

An instance of the strange fearlessness of the Japanese was furnished during the disturbances in Seoul on the 11th of February. While an infuriated mob was savagely mutilating the naked corpses of the two cabinet ministers assassinated by the police, a Japanese interfered and endeavored to save the bodies from further indignity. He was immediately stoned and clubbed to death.

A strong attempt has been made to induce the Emperor of China to forego the building of the Elen Tsin-Pekin railway, or more correctly speaking, of the Tien-Tsin-Tukou railway, for the line is not to be carried nearer the capital than the Lukou bridge, which is 16 miles distant from Pekin. Two viceroys and several hundred leading gentlemen of Chihli have memorialized the throne, urging that the construction of the line will jeopardize the capital. But the Emperor remains firm. He has not only issued orders for the building of the line, but has also instructed his ministers to adopt every possible means of popularizing foreign sciences. His Majesty, in the text of these instructions, several times acknowledged Japan's superiority in eclectic wisdom.

Li Hung Chang having been appointed to represent China at the coronation of the Czar, his place as plenipotentiary for negotiating the new commercial treaty with Japan has been taken by Chang, formerly Chinese minister in Washington, and well known in the East as the envoy sent to Japan by China in February, 1895, with incomplete credentials, to sue for peace. The treaty has made fair progress, about one-half of the articles having been discussed.

It is expected that on the return of the ex-Viceroy Li from St. Petersburg his old titles and rank will be restored to him. The Empress is reported to be averse to the viceroy's going, as she doubts whether he has strength to support the journey.

LOOKING FOR GARCIA.

Orders for His Arrest Issued from the Treasury Department.

Washington, March 19.—Secretary Carlisle had a long conference with the President this morning on the subject of enforcing the neutrality laws as against filibustering expeditions leaving the United Staes to aid Cuban insurgents. On his return to the treasury the following telegram was dictated and sent broadcast:

"Collector of Customs, Somers Point, N. J.—Representative filibustering expedition for Cuba was transferred from steamer Atlantic City to another steamer probably the Bermuda, off Great Egg harbor inlet, yesterday morning at 8 o'clock, said to be composed of Gen. Garcia and several followers. If vessel is carrying an expedition consisting of arms and men in violation of title 67 revised statutes of the United States, seize her if she arrives within your jurisdiction. The fact that a vessel carries a cargo of arms is not sufficient of itself to authorize a seizure. If necessary communicate with any revenue cutter and with the United States attorney.

"SCOTT WIKE,
"Acting Secretary."

Copies of this telegram were sent to the Navy Department, to Capt. Shoemaker, chief of the revenue cutter service, Treasury Department, to the Spanish minister here, to the Attorney General, the Secretary of State and to all collectors of customs along the Atlantic coast from New York to New Orleans.

SCHEME COLLAPSED.

Manager Stiles of the British Empire Exposition Is Missing.

Montreal, March 19.—A sensation has been caused here by the sudden departure of Joseph H. Stiles, promoter of the defunct British Empire Exposition scheme. Since the collapse of the project Stiles has been besieged by creditors and not being able to meet them, he quickly left the city en route for England.

Considerable sums of money had been paid to Stiles and his agents on account of the concessions and contracts of various kinds, but these sums are far from representing the actual losses of different parties interested. C. Gaston Akoun of New York is said to have paid $1,000 to Stiles for the privilege of showing the "Streets of Cairo" at the proposed exhibition. Akoun has a large consignment of camels, donkeys and Arabian horses here, and 25 men and women, natives of Algeria, who are now on their way across the Atlantic to Mr. Akoun, who had to pay the French government 1,000 francs deposit on each member of the troupe as a guarantee for their safe return. The greatest victims here of the collapse of the exposition scheme are George C. Huttmeyer & Co., who are creditors for about $20,000 for printing and who to-day have made an assignment.

A FORMAL MEETING.

Venezuelan Commission Has An Abundance of Documents.

Washington, March 19.—The Venezuelan commission held a formal meeting this morning for the transaction of routine business, Justice Alvey presiding in the absence of President Brewer. All the other members were in attendance.

Having been in possession of the British blue book since Monday and of the Venezuelan documents for over a week, the commissioners had made copious notes of their reading, and to-day took up the discussion of various conflicting and inharmonious points in the two cases as presented, referring also to the great accumulations of evidence the commission had already made bearing upon the different phases of the question.

A complete bibliography of the books and maps in the Lenox library, New York, was presented to the commission, naming some three hundred works, covering the correspondence from the years 1500 to 1790, to which access is offered; also a catalogue of 167 manuscripts relating to Spanish-American missions, settlements and similar matters which are held ready for the commission's inspection. A report was also received upon the Tank collection of the Wisconsin Historical society's library, consisting of Dutch records, some of them of great value. The commission was informed by the State Department that the governments of Holland and Spain had expressed willingness to assist in the investigation of their archives. The question of sending some one to make an investigation in Europe was deferred for the present.

QUESTION OF PATRONAGE.

Compromise Arranged by Republican and Democratic Senators.

Washington, March 19.—The Democratic members of the Senate held a caucus this afternoon at the adjournment of the Senate for the purpose of discussing the question of patronage. The proposition upon which Senator Gorman, representing the Democrats, and Senator Elkins, representing the Republicans, have been working for several weeks was submitted to the caucus, and appeared to meet with favorable consideration. This proposition provides for a non-partisan distribution of the patronage equally among the 90 Senators who compose the body. There are about 18 employes who from long years of experience have become invaluable to the Senate, and these men will be placed in a list and charged up to the Senate as a body. The other places will then be distributed equally. There were 19 Democratic Senators who ceased to be members of the Senate with the last session, and their successors have no one in office through their influence. The same can be said of the new Republican members.

Of course a revision of this sort means that some of the employes will have to go, and they will probably be those whose Senators have lost their seats and who are therefore no longer with Senatorial backing. The whole subject after discussion was left to the steering committee. The committee will confer with a similar committee for the Republicans, and after a caucus it is believed the whole matter will be settled on the basis herein indicated. No other subject was brought up in the caucus.

New Mexican Statehood.

Washington, March 19.—The Senate Committee on Territories to-day favorably reported the bill for the admission of the Territory of New Mexico to Statehood. One or two of those who voted for the measure are not, however, committed to it. Several minor amendments are made to the bill. The election of delegates to the constitutional convention is to be held on the eighth Tuesday after the passage of the enabling act and the ratification of the constitution is to be submitted to the people not earlier than the first Tuesday after the first Monday in November next.

The Gold Reserve.

Washington, March 19.—The treasury gold reserve at the close of business today stood at $[illegible]. The withdrawals [illegible]

SHIPPING FROM FOUR PLACES.

This Good Showing is Made on the Dante Mine.

TWO GOOD PROPERTIES SOLD.

The Ireland Placer Lode Next to the Lucky Bill and the Ocean Wave on Battle Mountain—Several New Strikes Reported.

Special to The Gazette:

Cripple Creek, March 19.—At no less than four points pay ore is being taken out of the Dante. In the Johnson shaft there is pay ore in all three headings and stoping has been commenced at the 100 foot level. In the Pickands shaft a nice body of ore has been opened up on the first level. The shaft is 62 feet deep. The Marjorie shaft is now down 127 feet and a cross-cut has encountered a nice body of low grade ore that runs from two to three ounces in car load lots. For the Clements shaft on the Colby lease a new steam hoist has been ordered. The extraction of pay ore from these workings has just fairly started. It runs well. Prospecting is in progress on the Little Gennett lease, where the shaft has been put down 32 feet. It will be continued to 150 feet and then cross cuts will be started. The Ogilvy lease has a whim at work. The shaft is 123 feet deep and is now going through a phonolite dyke. The prospects look very well for getting pay ore. A good many shipments will be made from the various leases next week.

On the F. R. Bell lode, situated on the saddle between Battle and Bull mountains and located south of the Last Dollar, the shaft is down 125 feet. The shaft has been sunk on a vein between phonolite and porphyry and some galena ore has now been encountered which is something unusual for Cripple Creek. Messrs. Teller and Sanbourn are the lessees and they expect to erect a steam hoist soon.

A good strike has been made on the Ocean View, located on the saddle between Bull and Battle mountains, and south of the Last Dollar. A good body of ore has been opened up which runs $200 to the ton. It is being worked by Messrs. Renshaw and associates.

The Ireland Placer lode on Womack hill and next to the Lucky Bill lode, was purchased to-day by the Lucky Bill Gold Mining company from W. B. Lilligan. A cash payment of $10,000 was made and the full purchase price was $20,000. It is known that the rich vein opened up in the Lucky Bill runs through this property.

The Ocean Wave claim, a patented property on Battle mountain, was purchased to-day by the Cripple Creek Bonding, Leasing and Prospecting company. The sum of $4000 was paid to Messrs. Tutt and Penrose for the surrender of their lease on the property and also for the bond of $50,000 and which runs until January first next. The Log Cabin shaft on the property is now down 51 feet and in it a 14 inch streak of rich ore has been encountered which runs all the way from two to ten ounces in gold to the ton. About three tons have been taken out but the rest of it has been left standing in the mine. The claim belongs to the Creede and Cripple Creek Gold Mining company.

The Penny Low claim, located between the Los Angeles and the Last Dollar is being worked by S. E. Dixon and others. A large body of low grade ore was encountered a few days ago at a depth of 30 feet. The first shipment was made to the Hartzell mill and it went better than $20 to the ton. Picked samples from the vein show a value of $200 to the ton.

A NEW TOWN.

Prominent Colorado Springs Men Interested in Torrington-in-the-Mountains.

The gradual, and apparently legitimate extension of the Pike's Peak mineral belt has naturally caused the birth of many townsites and towns.

One of the best conceived and most admirably carried out townsites has been that of Torrington. This newly designed place of homes is charmingly located in the heart of the great pine belt of the Manitou Park district, within half a mile south of the properties of the Manitou Park hotel. It is the absolute center of the West Creek territory. The town covers an elevated tract of 60 acres. The soil is gravelly, and particular attention has been paid to the laying out of wide avenues. The water rights on Trout creek assure the best domestic supply. The entire town, from the gradual slope of the land, faces Lake Manitou, a body of water covering 20 acres, and along the western border of Torrington-in-the-Mountains, flows the picturesque Trout creek.

The main, floor-like road from Woodland Park to Manitou Park, forms the principal street of the new town, and then branches off along the lake boulevard, and across the dam. So much for the picturesque of Torrington, after mentioning that its location and possessions will make it a well known summer resort, independent of its position as a mining center. Another important fact is that the D. & R. G. wagon-road from Pahaut Lake to West Creek joins the Woodland Park stage line to West Creek at Torrington, making it a veritable supply point.

The town to-day is the heart of the most active prospecting, and its creation was not heralded until its promoters were assured of the values hidden by nature close to its doors.

From prospect holes within a comparative short distance from the town, six assays were taken this week, which ran from $64 to $207 per ton in value.

The first day appointed for the sale of lots found 20 purchasers, and almost all of these originals buyers intend improving their lots with buildings.

As a direct outlet to the West Creek fields, Torrington bids fair to be the first terminal. The surveyors for the new line from Divide are now within a quarter of a mile of the town. The natural advantages, and the vast area of government ground east of the place, augur well for Torrington's prosperity and ultimate influence.

The men who own the tract and have been instrumental in laying it out, are Dr. W. A. Bell, Wm. P. Bonbright, Wm. A. Otis, J. Arthur Connell and Francis Gilpin.

Favorable to Santa Barbara.

Washington, March 19.—The Senate Committee on Commerce this morning ordered a favorable report on Senator Perkin's bill to establish the customs collection district of Santa Barbara, Cal., and to make that city a port of entry and delivery.

ABSOLUTELY PURE

CONGRESS MAY TALK TOO MUCH.

President Cleveland Says Its Course Is Dangerous.

DIPLOMACY BY TOWN MEETING.

It Is Liable to Bring the Nation Into Grave Peril—But This Is a Democratic Government, and Discussion Inevitable.

Washington, March 19.—(Special.) President Cleveland has very radical ideas concerning the impropriety of congress attempting to interfere in foreign matters. The president has so often expressed himself on this subject to members of his cabinet, to senators, representatives and other callers that his views have become well known. They are interesting even to those who do not agree with him. Mr. Cleveland says he, as president of the United States, is charged by the constitution with the management of our affairs with other countries. The makers of the constitution were wise in imposing this duty upon the executive branch of the government. Diplomacy, unlike legislation, does not thrive on publicity. In all governments there is recognition of the necessity of leaving the conduct of negotiations with foreign powers to the head of the state, because he alone can throw about the business those safeguards of secrecy, prudence and skill requisite to success. Diplomacy must be attended to by diplomats and legislation by legislators, and the two functions are apart and distinct. Nothing but trouble is bred by any effort to mix them together. Diplomacy by town meeting is a failure and always has been.

Liable to Precipitate War.

To a recent caller President Cleveland said our congress was adopting a very dangerous course. Its eagerness to have something to say about every foreign affair which comes to the surface, its desire to meddle by resolution or speeches or bills or investigations will, if carried on much longer, involve the country in serious difficulty. It will bring on war and perhaps bring it on in such way that the right will not be on our side. President Cleveland spoke very earnestly and added that ever since congress assembled last December his greatest fear had been that some action of that body would precipitate international trouble which otherwise might be averted.

President Cleveland spoke quite as emphatically against the habit congress has fallen into of making speeches on international questions while they are pending. In other countries the impropriety and danger of such speechmaking are clearly recognized. The trouble is that the words spoken in debate by members of legislative bodies are irritable abroad. They convey an impression that is not warranted by the facts. Sometimes they may be too belligerent and at others too much for peace. In either case it is possible to do great harm. So well is this understood that in European countries such debates are either suppressed altogether or are practically limited by the wishes of the government. An illustration of this was afforded, and has been several times cited by the president in conversation, in the house of commons when the Venezuelan case came up for discussion last month. The debate went on a little time, and no objection was made. But as soon as it reached a stage in which the public interests were threatened, or there was danger that they would be, the representative of the prime minister on the floor appealed to the house to remember the duty it owed to another branch of the government, and the debate instantly came to an end.

Fearful Forebodings.

President Cleveland mentioned this as a good example for our congress to follow. Unfortunately in our system the executive has no spokesman on the floor of either senate or house. A member or senator may presume to speak for the president, and it may be well understood he speaks by request, but his words do not carry the weight which would be borne by the utterances of a minister or secretary. Such appeals have been made to the senate, but they fell on deaf ears. Mr. Cleveland is satisfied that if this tendency of congress to meddle with foreign affairs be allowed to continue and develop it will unbalance our government and produce a state of affairs which will threaten the nation with the direst perils. The president did not speak with the tone of one who feels hurt because another branch of the government is encroaching upon his prerogatives, but as one who was sincere in his belief that the tendency constituted a menace to our system and to our peace.

This is a very grave matter which the president has brought forward, and one not to be dismissed without serious thought. There is, of course, another side to the story, and I am able to present that after talks with members of the foreign relations committee of the senate. These gentlemen admit the management of foreign affairs is constitutionally in the hands of the president, but claim this fact does not operate to shut out congress altogether. Ours is a democratic government. Congress more nearly than the president represents the people. Cannot congress express its opinion? Is it debarred from voicing what it believes to be the popular will? Must it simply sit still, without making the slightest effort to convey to the executive the nature of its wishes?

The Other Side.

Discussion is inevitable, they say. This is the age of discussion, the age of publicity, the age of free speech. Editors will write their opinions and reviewers theirs, and the pulpiteers will thunder theirs, and all sorts of private citizens theirs by means of interviews and signed articles in the press. Must congress alone remain silent simply because the matter which is attracting universal attention is a foreign and not a domestic affair?

Moreover, they claim the danger from expressions of opinion is exaggerated. There is no harm in letting the temper of the people be known. If an individual opinion chances to be extreme, too belligerent or too cringing, it will be discounted at its true value. The art and skill of the diplomatist need not be nullified by free speech on the part of the people or their representatives. WALTER WELLMAN.

A Supersedeas Granted.

Washington, March 19.—Justice Shiras of the Supreme Court, has granted an application for a supersedeas in the case of Capt. Wiberg and his two mates, of the alleged filibustering steamship Horsa, under conviction in Philadelphia for violation of the neutrality laws. Bail was fixed by Judge Butler of Philadelphia, $4,000 for Capt. Wiberg and $1,500 each for the other defendants. The defendants were released and will remain at liberty pending a hearing upon the appeal.

ARMENIANS PERISH.

Fresh Appeals for Aid to America's Charity.

New York, March 19.—Spencer Trask chairman of the executive committee of the National Armenian Relief committee, has given out the following: The International Armenian Relief committee at Constantinople has cabled the following: "All our available funds exhausted. Thirteen distributing centers calling for help. People perishing. What shall we answer?"

In reply the National Armenian Relief committee forwarded by cable today $10,000 through Brown Bros. & Co., New York, who are the authorized treasurers, and to whom all relief funds should be promptly sent. The needs and facilities for immediate and safe distribution are greater now than ever. Every dollar goes to the starving survivors of the massacres, whose supplies are exhausted and who are weakened by starvation, exposure and sickness. Thousands of them will perish unless foreign aid is continued until new crops.

Telephone Case Decided.

Madison, Wis., March 19.—A new question of interest to telephone and telegraph companies, especially any telephone companies opposed to the Bell monopoly, was decided in the case of the Dane Telephone company vs. the Western Union Telegraph company by Judge Siebecker in the Circuit Court. The writ of mandamus asked by the telephone company to compel the Western Union to admit new telephones to its offices was denied. It is believed the case will be taken to the Supreme Court.

THE COUGH AND THE LUNGS

Cough-cure, the most prompt and effective remedy for diseases of the throat and lungs, is Ayer's Cherry Pectoral. As an emergency medicine, for the cure of Croup, Sore Throat, Lung Fever and Whooping Cough,

AYER'S Cherry Pectoral cannot be equaled. E. M. BRAWLEY, D. D., Dis. Sec. of the American Baptist Publishing Society, Petersburg, Va., endorses it as a cure for violent colds, bronchitis, etc. Dr. Brawley also adds: To all ministers suffering from throat troubles, I recommend

AYER'S Cherry Pectoral

Awarded Medal at World's Fair.

AYER'S PILLS Cure Liver and Stomach Troubles.

DR. GUNN'S IMPROVED LIVER PILLS

A Mild Purgative. One Pill for a Dose. A movement of the bowels each day is necessary for health. These pills supply what the system lacks to make it regular. They cure Sick Headache, brighten the eyes, and clear the complexion better than cosmetics. Any druggist sells them. To convince you, we will send sample free by mail. Full box, 25c. Sold everywhere. Of DR. BOSANKO MED. CO., Philadelphia, Pa.

Proposals for Gillett Water Works.

Sealed proposals will be received by the City Clerk of the incorporated town of Gillett, until 6 o'clock p. m., mountain time, April 6, 1896, for mains, piping, hydrants, building of, and rip-rapping of reservoir, to complete the water works system of said town.

Plans, drawings and specifications can be obtained or seen at the office of the City Clerk.

Bidders will be required to furnish a certified check, payable to the order of the City Treasurer, equal in amount to two (2) per cent. of the bid submitted, which amount will be forfeited to the city in the event of the failure of a bidder to enter into contract with good and sufficient sureties.

Payment will be made in cash, or water bonds of the town of Gillett, bearing interest at the rate of six (6) per cent. per annum; bids for cash or bonds to be accepted at the discretion of the board.

The board reserves the right to accept such proposals as it may deem for the best interest of the city, or to reject any and all proposals; said proposals to be addressed to the City Clerk of the city of Gillett. CHAS. KINNEY, Mayor.

Attest: ELLA M. McCLURE, City Clerk.

Not to be Trifled With.

(From the Cincinnati Gazette.)

Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end, and while complete recovery is the rule, the exceptions are terribly frequent, and thousands of thousands of fatal illnesses occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are to day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected. When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cents a bottle.

Hot Springs, Arkansas, the Carlsbad of America.

Owned by the United States government and under its direct supervision, is only reached by the Missouri Pacific railway. REPUBLICAN CITY TICKET.

For City Treasurer,
MOSES T. HALE.
For City Clerk,
CHARLES E. SMITH.
For City Marshal,
LO. C. DANA.
For City Attorney,
J. K. GOUDY.
For Street Supervisor,
O. R. DUNNINGTON.
For City Engineer,
H. I. REID.
For Police Magistrate,
GEORGE OWENS.

For Alderman First Ward,
W. H. McINTYRE.
For Alderman Second Ward,
H. C. McCREERY.
For Alderman Third Ward,
CHARLES ST. JOHN.
For Alderman Fourth Ward,
F. S. McJOHNSTON.
For Alderman Fifth Ward,
J. A. LEECH.

THE REPUBLICAN TICKET.

The result of the city convention is the nomination of a ticket which all Republicans can support heartily, and which therefore will be elected by a large majority. When a city has a body of public servants as faithful and efficient as those who were re-nominated last evening, it cannot do better than to retain them in office. Their previous experience is making their services all the time more valuable to the city.

A stranger in town not long ago remarked that we seem to have almost an ideal condition of politics in this city. So far as he could learn, everybody was well satisfied with the way municipal affairs are conducted except an occasional "break" by the council and he considered it very remarkable that there had been no jobs or corrupt deals of any kind.

We have got so used to having both city and county affairs well managed here, that sometimes we forget how fortunate we are, in comparison with many other cities and counties. So far as we remember, neither the city nor the county has ever lost anything by defalcations or jobs. The city clerk did abscond three years ago, but his deficiency has now been made up in full; so that the city has lost nothing by that.

It is a good plan when you have a good thing to keep hold of it; and we are confident the voters will look at it in the same light, and elect the ticket that was named last evening.

Affairs in Cuba are looking worse and worse for the Spaniards. The dispatches published in yesterday's Gazette indicate that Maceo has won a victory near Pinar del Rio, and even the Spanish account of the battle admits a heavier Spanish loss than usual. The Spanish reports are valuable only for what they admit, not for what they assert, for they are "doctored" unsparingly before they are sent out, and no Spanish reverse is ever bulletined truthfully. If the insurgents have received a cargo of arms and ammunition, as there seems to be good reason to believe, the Spaniards will fare worse than ever; and next month the rainy season may be expected to begin, after which the Spaniards will be able to do nothing at all.

It is evident, from the report of the Presbyterian Church, which was printed in the columns of The Gazette yesterday morning, and from the action of the church in resolving to enlarge their accommodations, that this is one of the most prosperous institutions in the city. It is a good sign for any town when its churches keep pace with the growth of the city. Such a growth is very evident here, and it shows that the increased population of the city is of a kind that is desirable to have among us. We congratulate the church on these evidences of its growth, and wish it all success in its efforts to enlarge its usefulness in the community.

We desire to call especial attention to the announcement in another column of the declamation contest at the High School this evening. The contest is for a medal offered by Mr. E. F. Wright, and renewed yearly. The boys undertake the extra work of preparing for the contest entirely of their own accord, and without interfering with their regular school work. Owing to the illness of Principal Turnbull, who generally gives the instruction in declamation, the contestants have not had as full a preparation as usual, but they are a good lot of speakers, and will acquit themselves with credit. The admission is only ten cents, and a large audience is assured.

A new Nicaragua canal bill has been got into shape by the sub-committee of the House Commerce committee. It provides for the reorganization of the canal company, for the issue of $100,000,000 in bonds, the interest and principal of which are to be guaranteed by the government and for the choice of fifteen directors, of whom ten shall represent the United States and the other five the stockholders and the republics of Nicaragua and Costa Rica. This seems to be a good business-like bill. The amount proposed to be spent is a little less than the estimate of the last investigating commission, which was $133,000,000—but it will be ample to carry the work within sight of conclusion. The safeguards seem to be ample also; and the provision by which the United States is to guarantee the principal and interest, and to be represented on the governing board by two-thirds of the directors, is all right. The work ought to be prosecuted under national auspices. We hope the bill will pass.

The professors and students of Colorado College have taken hold of the project for raising the necessary endowment fund, and are doing all they can to help it along. The professors have undertaken to add $10,000 to the fund, either personally or through friends, and the students held a meeting yesterday to consider ways and means of helping also. This loyalty to the college is a proof of the excellent work it is doing. The same spirit should animate all those who are friends of the college—and everybody in this city ought to be a friend of the college, for indirectly or directly it is helping everybody in the city.

Mr. Towne of Minnesota made the first great reputation for oratory of the new members in the present Congress, and deservedly so; now Mr. Cousins of Iowa seems to have at least equalled the Minnesota man. His indictment of Mr. Bayard was one of the most finished and scathing speeches ever made in the House, and when copies of it reach the ambassador to Great Britain, they will make him feel decidedly uncomfortable. It would be a good thing for the country if they should lead to his resignation.

The gold reserve of the treasury stands at about $127,000,000. It has never since the last issue of $100,000,000 stood at more than a little over $103,000,000. The question now is how soon it will go below $100,000,000 again, and when the call for another issue of bonds will be made. It seems probable that the reserve will go below $100,000,000 some time before the Democratic national convention meets; and that fact may have considerable influence in determining the action of that convention.

Northwest El Paso now bids fair to rival the southwest corner of the county in townsites if not in mines. The only original West Creek, North Cripple Creek, Manchester, Johannesburg, and last but by no means least, Torrington-in-the-Mountains, will be enough, in addition to Woodland Park, to keep up that corner of the county, even if no others are laid out and incorporated.

Attention is called to the fact that the first half of the taxes for the year 1895 are now due and payable, and must be paid before the end of this month. Besides this, none can vote at the coming school election except those who have paid at least a part of their school tax for the year 1895.

We reprint to-day from the Durango Herald an article on the proposed method of valuation which is worth reading. There are two sides to the question, as we have recognized all along, and we gladly give space to the view which differs from the one taken in our editorial columns.

The remarks of Mr. Caffery of Louisiana concerning Cuba would have more influence if they did not have so strong a flavor of sugar. A man's defense of his own pocket-book may be entirely sound, but it is apt to be discounted by his hearers.

The Wisconsin Republicans seem to be as solid for McKinley as those of Ohio. There seems to be no doubt now that McKinley will have a plurality of the votes on the first ballot at St. Louis; but it is not at all certain that he will have a majority.

In view of the extremely cordial relations which seem to subsist between the British and Venezuelan Ministers in Washington, why would it not be a good idea to entrust the affair for settlement to them?

Opposes a Cash Valuation.

The question, Shall we assess at a full cash valuation? is one which is agitating the minds of taxpayers at the present time with good reason. At Boulder a meeting of taxpayers has been called to protest against the proposed increase, and there is every probability that in other counties of the State similar action will be taken.

There could be no objection to assessing at full cash value if it were not that there will be no proportional reduction in the 4-mills State levy; in fact it might prove advantageous for the reason that the levy could be reduced under that system from something like 7 per cent. as at present to about 2½ per cent., if the "full cash value" is assumed to be three times the present rate of assessment. This would have a tendency to induce the investment of capital from abroad which is discouraged by the apparently excessive rate of taxation now in vogue. But unless the State levy is reduced to conform to the "full cash value" assessment, there will be an actual increase of 22-3 mills in taxation, a condition which should be protested against vigorously.

Some say, "Well, what if we do pay 200 per cent. more into the State treasury for one year? It will be for one year only, and after that the legislature will reduce the State levy so as to bring it down to substantially the present basis." Oh, but would the legislature do this? The chances are heavy that they would not. It looks much as if this "full cash value" bugaboo was the scheme of the gang of tax-grabbers in and about Denver who are continually trying to increase the State levy in order to create a surplus from which the legislature may be induced to appropriate money for "improvements," two-thirds of which would be spent in Denver and be of no benefit to the rest of the State.

There is no demand by the people for a "full cash value" assessment, but there is a demand for a just and equitable assessment, an assessment which will place a fair and even ratio of value upon all taxable property, favoring no individual or corporation. The demand now is for a reduction, not an increase in taxation, and the Taxpayers' Federation, recently formed, is now engaged in the work of investigating the avenues of expenditure, hoping to effect a reduction of at least 25 per cent. The federation should call a meeting and enter a formal protest against the proposed unnecessary increase which full cash value assessment will inevitably bring about. (Durango Herald.

The Dem. Old Adam.

All Colorado knew that there had been no more striking instances of blind partisanship than those of the editor of the Pattersonian column of the News, and there was a feeling that if anybody wanted further illustration he would not have long to wait. Sure enough, the Kentucky senatorial row stirred up the old Democratic bitterness which was known to be all the time locked in the News' closet. It walked out and pranced around in this kind of shape:

"Such a sight has been witnessed in Frankfort, Ky., for the past two days, as has not disgraced the country since the bloody days of reconstruction in Louisiana, when its state house was an armed camp and men were murdered by wholesale in its legislative halls. * * * Never before and never since the dark days of reconstruction have the civil authorities been set aside by the iron rule of the military on so slight and shameful a pretext."

And so forth. The News shrieks that "Senators and Representatives of the legislature are compelled to reach their seats through files of soldiers," which it calls an "unutterable outrage."

To a man up a tree—a tough Colorado cottonwood tree, it looks as if the really "unutterable outrage" was in keeping those Kentucky legislators exposed to the threats and dangers of Jack Chinn's gang of armed bullies until the thugs of the Kentucky Ku Klux were actually gathering to make their seizure of the State house.

There is, of course, more or less of the goldbug and bimetallist rivalry in this Kentucky row, but the whole business has degenerated into the same old antipathy of the Republican and Democratic parties which have been familiar to the country for the past forty years, and in which the Pattersonian bitterness was as bitter and the Pattersonian partisanship as intense as any other—as blind, as rancorous and as far as possible from this beautiful independence of organization which the News attempts to introduce to us. The News' intentions are good, but the old Adam—the same hidebound old Democratic Adam—still inhabits its closet.—(Pueblo Chieftain.

Ireland and Cuba.

The wrongs of Ireland are small in comparison with those of Cuba. Spain has practiced every conceivable method of extortion and oppression, where she should have acted a friendly and beneficial part, and the Cubans have the best of reasons for breaking away from her.—(Exchange.

Ex-Secretary John W. Foster says no one can travel to China and not realize its power. According to our recollection the Japanese did a little traveling in China about a year ago without running up against anything alarming in the way of power.—(New York Press.

From the tenor of her remarks it is apparent that the Infanta Eulalie did not throw any of those stones at the consulate windows; also from the fact that the stones hit the windows.—(New York Press.

CURRENT COMMENT.

If there is anything in a young man, the Roentgen ray should bring it out. Yonkers Statesman.

"The real test of this new photographic process," observed Rivers, "will come when they try it on a shad."—Chicago Tribune.

The late Mr. Hamlet would not have talked of "this too, too solid flesh" if he could have foreseen the cathode ray.—Chicago Post.

Edison has thrown a cathode ray through four inches of wood. The blockheads might as well prepare to pose. Philadelphia Record.

That greatest fraud of modern times, the worthy chestnut, slinks away abashed and humiliated, before the approach of Roentgen. Wichita Eagle.

Roentgen's discovery will show surgeons just where to cut. In the near future anybody with a jackknife and an antitoxine squirt can attend to his own longevity.—St. Louis Republic.

Dissolution of Partnership.

The partnership heretofore existing between Ferriday & Skinner has been dissolved this day by mutual consent. All outstanding accounts will be settled at 25½ North Tejon street.

J. McK. FERRIDAY,
HERBERT SKINNER.

Stockholders' Meeting—Mexican National Company.

The ninth annual meeting of the stockholders of this company, for the selection of thirteen directors, and the transaction of such other business as may be proper, will be held at 10 o'clock a. m., Monday, April 6, 1896, at the First National bank, Colorado Springs, Colorado.

The books for the transfer of stock will be closed at 3 p. m., March 16, and remain closed until final adjournment of meeting.

ANDREW ANDERSON, JR., Secretary.

Notice to Contractors.

Sealed bids will be received at our office until 3 o'clock p. m., Saturday, March 28th, for the erection and completion of a two-story building for the Mutual Life Insurance company of Denver, to be known as the "Kittredge Triangle," bounded by Union, Victoria and Grand Avenues. Separate bids will be received for plumbing, steam heating and electric wiring. Plans and specifications can be seen at the office of John F. Huber, Architect, No. 2121 South Union avenue, Pueblo, Colo. The right is reserved to reject any and all bids.

H. F. SHARPLESS & Co., Agents,
421 North Tejon Ave., Pueblo, Colo.

Colorado Springs, March 16, 1896.

Notice is hereby given that the annual meeting of the Franklin Gold Mining company will be held at the office of the company, 27 North Tejon street, Colorado Springs, Colo., at 3 o'clock p. m. on the 6th day of April, 1896, for the purpose of electing directors for the ensuing year.

W. L. COOK, President.

Notice.

Notice is hereby given to all whom it may concern that the firm of Wood & Arcularius, watchmakers and manufacturing jewelers, was dissolved on or about the thirteenth of February, 1896, and a new firm following the same occupation has been formed, known by the style of Whiteside & Arcularius, who will continue to do business at the old stand, 123 North Tejon street. Please call and see us. Respectfully,

WHITESIDE & ARCULARIUS.

NOTICE.

School Bonds—Special Meeting of District No. 11, El Paso County, State of Colorado:

Notice is hereby given that in compliance with a petition of more than 20 legal voters of said school district No. 11, a special meeting of the legal voters and taxpayers of said district will be held at the High School on Platte avenue at one thirty (1:30) o'clock p. m., on Wednesday, March 25, A. D. 1896, for the purpose of submitting to such qualified electors of said district as have paid a school tax therein in the year next preceding this meeting, the question of contracting a bonded debt of said district for the purpose of erecting and furnishing school buildings and especially for the purpose of enlarging the Garfield school building by six rooms, furnishing the same and equipping the whole of said building with a modern system of heating and ventilation. The amount of bonds proposed to be issued is twenty thousand ($20,000) dollars, to bear interest at five (5) per cent. per annum.

The polls will be open from two (2) o'clock p. m. till five (5) o'clock p. m. Voting will be by ballot. Ballots will read, "For the Bonds," and "Against the Bonds."

This meeting is called and held under and by virtue of sections 44, 62 and 99 of an act of the general assembly of Colorado approved March 20, 1891, as amended by the Second, Third, Fourth, Sixth, Seventh, Eighth and Ninth general assemblies, and other provisions of said act hereto relating and in accordance with section 7, article XI, of the constitution of Colorado.

CORA E. HUDSON,
Secretary of School Dist. No. 11,
El Paso County, Colorado.

Dated March 4, 1896.

Annual Meeting.

The annual meeting of the stockholders of the Mexican National Construction company, to elect members of the board of directors and transact such other business as may lawfully come before the meeting, will be held at the principal office of the company, at Colorado Springs, in the State of Colorado, on the first Monday of April, 1896, at twelve o'clock noon. The transfer books of the company, for the transfer of stock, will be closed on the 15th day of March, 1896, at 3 o'clock p. m., and remain closed until three days after the final adjournment of such meeting.

JNO. PRATT, Secretary.
March 7, 1896.

Notice.

The annual meeting of the stockholders of the P. O. S. of A. Building, Loan and Investment association of Colorado Springs, Colo., will be held at the office of the secretary of said association, No. 17 East Pike's Peak avenue, Colorado Springs, Colorado, on Saturday, March 28, 1896, at 7:30 o'clock P. M., for the election of directors for the ensuing year and for such other business as may properly come before the meeting.

E. H. THEDINGA, Secretary.

Dated Colorado Springs, Feb. 29, 1896.

The annual meeting of the Bob Lee Gold Mining Company will be held at the office of the company, No. 17 North Tejon street, Colorado Springs, March 28th, 1896, at 2 p. m. for the election of a board of directors and the transaction of such other business as may properly come before the meeting.

The books will close March 26th, and reopen immediately after the final adjournment of said meeting.

W. G. MCCALL, secy.

Notice of Dividend.

Notice is hereby given that the Union Gold Mining company has declared a dividend of one cent per share, payable on April 4th, 1896, to stockholders of record on March 25th, 1896.

Transfer books will be closed at noon on March 25th, and opened on April 6th, 1896.

C. H. MORSE, Secretary.

OFFICE, 128 NORTH TEJON STREET.

STUDENTS WERE ENTHUSIASTIC.

Raised $10,000 Towards the New Endowment Fund.

THEN RAISED A RACKET.

The Students Singly or in Crowds Agreed to Raise the Money in Blocks of $100—Took a Holiday and Enjoyed Their Exploit.

Colorado College was very greatly stirred up yesterday morning and in her enthusiasm she communicated the impulse to the whole city. Its citizens realized then, if they had never realized it before that we have a college in our midst.

After the chapel exercises, President Slocum made a statement to the students about the financial status of the college and its great needs, of the campaign which has been inaugurated to raise the $100,000 needed to secure the $50,000 of the Pearsons fund, and of what has already resulted from the efforts put forth. He said that he wanted to see what the students could do to aid in the great work. He alluded to what students of other institutions had done in helping to secure Dr. Pearsons's conditional gifts, and then told them that he wanted to suggest what perhaps at first would almost take their breath away, but what he felt could be done by united effort. He suggested the raising of $10,000 by 100 students, or groups of students, agreeing to raise $100 each before the first of July.

At the close of President Slocum's address, the chairman of the meeting, Mr. Brauer of the senior class, heartily seconded his words, short addresses were made by several of the professors and students, and finally it was voted that a secretary be appointed and subscriptions be at once called for. Mr. E. K. Gaylord of '97, was elected secretary, and the work was begun with enthusiasm. A blackboard was brought upon the platform with the whole sum represented upon it in blocks of $100 each. Hawkes of '98 asked the honor of taking the first $100; others at once followed his lead, and over fifty individuals pledged themselves to raise $100 each, almost as rapidly as the secretary could jot down their names. Then different classes, societies, localities, etc., began to pledge until in about half an hour the whole sum was raised.

A pleasant feature of the meeting was the presence of Mr. S. S. Eveland, a representative of the Philadelphia Press, who, catching the spirit of the meeting, subscribed $[illegible] himself and offered the columns of his paper for any appeals the college might see fit to make. The following is a list of the principal group pledges:

Longmont	$100
The Alta Vista	100
Three Special Students	100
Greeley	200
Trinidad	500
The Minerva Society	100
Colorado City	100
Four Academy Students	100
Grand Junction	100
The Art Department	100
The San Juan Valley	200
The Fourth Academy Class	200
Tabor College	100
The Sophomore Young Men	300
The Young Women's Glee Club	100
The Class in Mechanics	100
Leadville	100
The First Academy Class, Girls	100
Monument	100
Three Sophomore Girls	250
Second and Third Academy classes	100
Six Freshman Girls	300
Court of Chancery	100

The rest of the money was subscribed by individuals or small groups.

When it was announced that the whole sum of $10,000 had been subscribed the chapel rang again and again with the college yells. President Slocum expressed his great satisfaction at the loyalty and enthusiasm of the students, reminded them of the hard work before them in making good their pledges and told them what a great influence their action would have in the work of securing the whole amount.

After such a meeting it seemed an impossibility to settle down to sober study and recitation. The Faculty signed a petition as some one put it, "asking the students to take a holiday," and a holiday was enthusiastically voted. Some rent of the exuberant spirits had to be found; the students began by an extemporized parade about the college grounds, visiting the various college buildings and cheering everything and everybody. At the close they filed into the library, where there was more cheering and singing. Even after this was over, the students felt in no mood to disperse. They were gathered in front of the library discussing what had been done, when some one, or a number simultaneously, suggested a parade in the city. The idea met with instant favor, hunting and flags and all sorts of devices were hastily gathered together; a carriage was secured and decorated, and President Slocum, much against his will, but under the necessity of bowing to the wishes of the students, took his seat in it, and the procession started down North Cascade avenue, with about twenty-five bicycles in front, preceding the carriage, which was drawn by eight or ten students, and followed by nearly a hundred students on foot, two by two. The streets echoed with the college yells as the procession moved down to Pike's Peak avenue, where it turned east to Tejon street, then south to Cucharas street, and back on the east side of Tejon street to Pike's Peak avenue, whence it proceeded east to Nevada and back again to Tejon, halting in front of the Mining Exchange. The Exchange stopped business at once and the brokers and the students cheered one another. Then the procession moved on again, visiting and cheering the High school, cheering Rev. Mr. Boyle and Mr. Platt at the residence of the former on North Nevada avenue, passing North Nevada and North Tejon street to Dale and then to Cascade, where another halt was called in front of Dr. Gregg's.

At about 1 o'clock the College library was reached where Mr. Poley photographed the gaily colored group. The students then scattered to their homes.

The whole affair was a spontaneous outburst of student enthusiasm. The loyalty of the student body to the institution and the deep interest in its present and future welfare will prove a great power in securing the funds which the College so much needs.

Denver University Glee Club.

The concert at the opera house next Tuesday evening by the University of Denver Glee Club will not only be a novelty, but one that should draw the music-loving people. Mr. David E. Fisher, the violinist of the party, while not well known to our people is fast gaining the reputation of being an artist. He will play the following numbers: "Violin Concerto," by Chide-Harlot. The programme will be made up of College songs and solos by members of the club. The programme concludes with a tragic cantata entitled "The Grasshopper" which was received by the attendants at the State Oratorical contest in Denver several weeks ago with much enthusiasm. The prices of admission will be 25c, 50c, 75c and $1.

A Leap Year Party.

Last evening a number of the ladies of quite a young set in the town gave a leap year party in honor of their gentlemen friends. It was given in Whitbeck's dancing academy and was a very pleasant affair. The young ladies took full charge and showed that they can manage an affair of the kind just as well as the young men. Some of the fellows found out just how it feels to be wall flowers, too. Among the young ladies who managed the affair were the following:

The Misses May, Martin, Lewis, Gunn, Donovan, McArthur, Drake, Theobold, McQuinto, Hanrahan, Russell, Stout, Hogan, Benjamin, Brown, Miles and Mrs. Dodge.

The young gentlemen present were Messrs. F. McArthur, Blenquist, Briggs, Rankin, Roy Older, Ray Sullivan, R. Bradfield, M. Barnes, Eugene Durfee, Max Berrey, L. Lewis, J. Hillhouse, F. Laux, C. Drake, O. Treadwell, Frank Gunn, H. Russell, Gilete, Dr. Parker, R. Napier, H. E. Stine, H. Barney.

THE HEART OF THE CITY.

A Well Developed Building Boom Toward the South.

One does not have to travel very far into the suburbs to find the building boom just now. It is getting pretty near the business center, and that is the next place to be attacked with the contagion. In the block below the Alamo park in a distance of not over a thousand feet there is a small sized boom already, and with prospects of more. At 117 Vermijo street, Mr. J. K. Fleal is at work on a two-story frame house that he is building for himself. It will cost about $[illegible] and will be very convenient and a [illegible]home. At 216 South Tejon street, Mr. John Roget is building a double frame house, two stories, that will cost two or three thousand dollars. On the corner of the block, Costilla and Tejon, a brick store building is going up, built by Mrs. Florence. It will cost $4000 or $5000. There are two store rooms in the lower part, and sleeping rooms above. The whole place has already been rented. Half a block away on Costilla, Mr. Peyser is building two neat brick cottages for rent. They will cost a thousand or so each. There is considerable other building going on in the south side.

FOR THE WRIGHT MEDAL.

Declamation Contest at the High School This Evening.

This evening there will be a declamation contest at the High School for the Wright medal. The glee clubs will assist, and the programme is a good one. The admission is only 10 cents, and a large number of tickets have already been sold.

It is expected that this will be the closest contest ever yet held for the medal. The boys have been practising diligently, and while Mr. Turnbull has not been able to give them any training, they are all good speakers, fully up to the previous average in these contests.

Following is the programme of exercises:

Music	Selected
Girls' Glee Club.	
"Dedication of Grant's Monument"	Depew
Albert Hastings.	
"Battle of Mission Ridge"	Taylor
Donald Gregg.	
"Death-Bed of a Traitor"	Lippard
Verney Johnson.	
"Brown and White" (First Prize Song)	
Cadet Glee Club.	
"Military Supremacy Dangerous to Liberty"	Clay
Charles E. Durkee.	
"Emmett's Vindication"	Emmett
Harry D. Steele.	
"The Impossibility of Conquering America"	Chatham
Willis Strachan.	
Piano Duet	Hayden
Misses Dwinell and Atchison.	
"First Speech of Wendell Phillips"	Martyn
Pierre Barker.	
"Tribute to Washington"	W. H. Harrison
Guy Humphrey.	
"Eulogy on O'Connell"	Phillips
Gorey C. Brayton.	
Music	Selected
Cadet Glee Club.	

Prisoners Sentenced.

In the first division of the district court yesterday a number of prisoners were arraigned and entered pleas of guilty. Judge Harris immediately sentenced them.

Louise Bonnette, the French woman, who had almost completely furnished a house by her robberies, was sentenced for burglary. Her sentence is two years and six months.

Richard Gardner, plead guilty to grand larceny, having robbed a ranchman whom he was working for, and was sentenced to three years and six months.

P. Quackenbush, plead guilty to a forgery committed in Cripple Creek, and was sentenced to eighteen months in the penitentiary.

James Corrigan, accused of attempted rape, entered plea of not guilty.

Curtis-Trowbridge.

Mr. Dana G. Curtis and Miss Velma Trowbridge were married in this city on Tuesday evening. It was a very pretty home wedding, the ceremony being performed by the Rev. Mr. Prewitt, in the presence of the immediate relatives and a few invited guests.

Mr. Curtis is a well known young business man of this city and Miss Trowbridge is a sister of Mr. Will Trowbridge, proprietor of the Plaindealer. Miss Trowbridge came from Lancaster, Wis., but has resided here long enough to make numerous friends. Mr. and Mrs. Curtis will reside at the very pretty and attractively furnished cottage recently completed by Mr. Curtis on the corner of Cache La Poudre and North Wahsatch. They were the recipients of many beautiful presents and have the best wishes of a large circle of friends.

To Reopen Indian Mints.

London, March 19.—The Standard will to-morrow say that the government does not propose to follow up the bimetallic resolutions adopted by the House of Commons by taking any steps towards an international conference; nevertheless, it is willing to consider the question of reopening the Indian mints if the Latin Union could be disposed to favor such action. Informal negotiations on this basis may be attempted. The Indian mints were closed in 1893.

The Republicans of Manitou had their primaries at Wheeler hall on Wednesday night and selected candidates. It was a big meeting and much interest was shown. The candidates named were as follows: For mayor, G. W. Woods; for aldermen, E. E. Nichols, George French and Henry Tebow. The platform adopted was $100 a year license, no license to be granted for less than a year, and the enforcement of all ordinances on the statute book or their repeal. The last clause is supposed to mean the closing of gambling houses.

Mr. W. H. H. Stoto, who collided with a wagon while riding his wheel down Nevada avenue Wednesday morning, was able to ride down town yesterday afternoon in a carriage, but was quite fatigued by the trip. He seems to be suffering more from the shock of the accident, and the general shaking up than from any particular injuries.

The New York Exchange keeps making rules to prevent the execution of bucket shop orders on the floor of the exchange. The last rule was passed just before the first heavy buying orders in Tobacco came from bucket shop sources a few days ago. It is worded this way: "Any member of this exchange who is interested in or associated with, or whose office is connected, directly or indirectly, by wire or other method or contrivance with, any organization, firm or individual dealing in differences or quotations on the fluctuations in the market price of any commodity or security without a bona fide purchase or sale of said commodity or security in a regular market or exchange, shall on conviction thereof be deemed to have committed an act or acts detrimental to the interest and welfare of this exchange."

Dr. Henry B. Hayden, dentist.
El Paso block, 9 a. m. to 1 p. m.

A NEW CITY MAP.

Hayne & Co. of Chicago, to Prepare One at Once.

Mr. Adams, of the big map-making firm of Hayne & Co., of Chicago, is now in the city, and as the agent of that firm is to undertake the publication of a new map of this city, thoroughly made, and up-to-date in every particular. It will not be a mere revision of previous maps but will be prepared anew entirely. It will show all the new buildings, and plot the new subdivisions. It will be about five feet square and will take in the whole city, from Roswell to Ivywild and Lihue inclusive, and from Colorado City to the eastern limits. Mr. Adams has met with a cordial reception from many of our business men, and expectly from real estate men, and expects to begin work at once.

An interesting and welcome feature of the plan is that the actual work of draughting and plotting is to be done by Colorado Springs men. Mr. Adams prefers to engage local talent for this work, because he says local men understand it better, and are as skillful as any. The supervision of the work will be in the hands of the city engineer, Mr. H. I. Reid, whose name will be a guaranty to all who know him that it will be done right.

Such a map has long been needed, for all the maps now in existence are several years old, and many additions have been made to the city since they were issued. The eventual price at which the map will be sold will depend somewhat on the number of advance orders for it which can be secured.

All those who are constructing new buildings, or who are expecting to subdivide late, or who have other information that ought to be embodied in the new map, are requested to communicate the facts either to Mr. Reid, at his office in the Gazette building, or to Mr. Adams at the Elk hotel.

Dr. Milton's Low-Priced Dental Parlors
107 So. Tejon St.

Here is your opportunity to get first-class dental work at reasonably low prices, and all persons desirous of procuring the best possible work at the prices we stipulate should call at once. Our references are of the very best, and include many prominent persons throughout the entire State. We make a specialty of gold crowns and bridge work (teeth without plates) and our prices range as follows: Full set of teeth, rubber plate, $6.00; full set of teeth, rubber plate, gold lined, $15.00; solid gold crown, on root, each, $5.00 to $8.00; porcelain crown, on root, each, $3.00 to $5.00; gold fillings from $1.00 upwards; gold and platunium alloy fillings, $1.00 to $2.00; silver fillings, 50 cents to $1.00, bone fillings, 51 cents to $1.00. Teeth extracted, 25 cents. A written guarantee given with all work. All other work at proportionately low prices. Fully guaranteed and first-class in all respects. Respectfully,
DR. W. D. MILTON,
107 South Tejon.

The alumnae of Miss Sarah Porter's famous school in Farmington, Conn., are considering the desirability of forming a chapter in Colorado Springs, like those in New York, Chicago, San Francisco and other American cities. Any persons who have been conected with theschool are cordially invited to attend a preliminary meeting at Montgomery hall on Saturday morning, March 21, at 11 o'clock.

Dr. Henry B. Hayden, dentist.
El Paso block, 9 a. m. to 1 p. m.

DIED.

DUNCAN—In Cripple Creek, March 18, 1896, W. R. Duncan, brother of E. W. Duncan, of Colorado Springs.

Mines, Stocks, Investments

Colorado Springs Mining Stock Association.

Colorado Springs, March 19.—Business was again very dull at the Exchange this morning, and as this was coupled with a slight decline in prices, things looked pretty blue all around. Union created some surprise by declining, going down as low as 49 though the last sale was made at slightly better figures. Isabella was fairly lively at from 57 to 58, but reflected the general tone of the market by declining in price towards the close of the call. Work was another lively seller but was also lower than upon the previous day. It was noted yesterday that it was going down to 16, but it dropped lower than that to-day, several thousand shares selling at 15¼. Mollie Gibson is down to 60 again, all the reports about recent strikes in the mine lacking confirmation. Anaconda was fairly active at from 64½ to 65¼, but Argentum-Juniata holds firm at 61¼. Portland holds out better than most any stock on the list, all the sales being made at $1.49½ and $1.50. Mt. Rosa was fairly active at 14½ and 15, and Fanny Rawlings at 12¾. The bulk of trading was again confined to the higher priced stocks, and though the market was weakish it makes a very fair showing when the dullness is considered.

Mt. Rosa and Battle Mountain, 15,000 at from 4½ to 5.
Jefferson, 1000 at 29½.
Calumet, 1000 at 3¼.

THE RAVEN COMPANY.

Commencing to Ship Heavily—Force to be Increased.

The Raven company sent out six cars of ore last week, or one for every working day. Nothing definite is yet known as to the values of this ore but judging from the returns on the shipments made in the previous week it should run from $50 to $60 to the ton, or about $6,500 for the entire shipment.

Many improvements are being made about the mine. A nice office has been erected, an assay office is being completed and a big ore house has been put on the ground. This ore house is furnished with screens. There will be five of them by about the end of the week, but at present two only are in place and they are kept crowded all the time. They are double screens of one inch and half inch mesh and are arranged one beneath the other so as to save time and labor. There is enough ore coming out of the mine to keep all the screens busy as soon as they are in place.

The lower tunnel at the mine is now in a distance of 1200 feet and has opened up some big ore chutes. Though the Raven is one of the oldest known mines in the camp little else but development work has been done on it so that there are some very large ore reserves to be knocked down. The distance between the lower and the upper tunnel gives a vertical depth of 200 feet, so that there is plenty of stoping ground and work will be pushed here to get out the ore. A number of stopes are being started, and when all are working in good shape the production will show an increase. In the bottom of the lower tunnel a winze has been started and it is now down 15 feet and is in good ore. The upper tunnel has been leased and it is understood that the lease has since been sold to the Standard Gauge G. M. company and some ore is being shipped to the Moffat works at Florence. The low-grade shipments from the Raven company also go to these works and the high grade to the Denver smelters.

Ten men are now breaking ore for the company, three are sorting ore and development work is going ahead. The force will be increased as soon as possible.

MOLLIE AND A. J.

A Word or Two About the Great Silver Properties.

Private advices from Aspen concerning the Mollie Gibson mine appear to be quite variable, and go to show the difficulty besetting the inquirer after accurate information and the unreliability of rumors. One report from the silver camp yesterday was to the effect that there was a large quantity of ore in the mine, and that the shares were worth $1 each. The other report said that there was little or no ore in the mine, and that the stock was not worth a cent more than is being paid for it—which was at that time 70 cents.

Information about the Argentum-Juniata appears to be all of one kind, and that is to the effect that there is a large quantity of low-grade ore opened up in the property and some high-grade that runs as much as 200 ounces to the ton. It is said that connections have been made with the Mollie Gibson, and that the ore will be hoisted through that shaft, which is a vertical one and this would make the cost less than were the ore hoisted via the Argentum-Juniata. It is quite probable that there will be no dividends for a long time to come, but that when they do start they will continue for a year at least, for the management will see that there is that much ore in sight and the dead work done ahead.

THE PROPOSED MILL.

It Will Be Built when 150 Tons of Ore Per Day is Guaranteed.

Messrs. Burtis and Wilkinson are working hard to have Prof. Bartlett's reduction plant erected at Colorado City. They have received several propositions to put the plant at other points, the north end of town and Cripple Creek both wanting it badly. Colorado City is the place that is liked best by the promoters, however, as it is not thought desirable to confine the operations of the plant to one camp and at Cripple Creek labor is high, water scarce and it means an up-hill pull for fuel.

The $10,000 asked to be subscribed towards the erection of the $50,000 plant was to be taken in stock and was only in the nature of a guarantee and to get the people and mine owners of Colorado Springs and Cripple Creek interested in the scheme. In conversation with one of the gentlemen last night the Gazette was authorized to state that Prof. Bartlett's backers would be quite willing to put up the entire $50,000 for the plant if a sufficient guarantee is given that at least 150 tons of ore will be supplied to the mill every day of a value of $20 or more. The promoters are ready to put up a plant of any size to accommodate the guaranteed supply and they wish it definitely understood that it is ore and not the money that they want.

More than one proposition has been made to buy all or a large part of the stock in this company, but these have all been refused, as this is not what the promoters are after. They want to run and make a business of the mill, and will do so just so soon as the ore is guaranteed.

THE GREAT ELKTON.

High and Low Grade Ore Opened Up in the Mine.

The main shaft on the Elkton is now down a depth of 400 feet, and the vein is dipping gradually away from it. The last cross-cut from the shaft to the vein was 18 feet long, and at this point the vein is found to be 12 feet wide and from latest advices the ore body had not been cut through. It is undoubtedly a very large body of low grade ore.

At the 200-foot level, which is being run into the hill, some new ore was encountered a few days ago. Some of it is now being shipped and it is found to be very rich. It is an oxidized ore and carries 30 ounces of gold to the ton. This is above the water level. Below it the values are in the sylvanite.

An air compressor to run six drills is now being put in at the mine, and also a 125-horse power boiler. The same hoister will be used. The high-grade ore goes to the Pueblo smelter and the low-grade to the Moffat works at Florence.

A special stockholders' meeting of the company was held on Saturday last to ratify the increased capitalization of the company and the purchase of the Valley claim for stock. This claim contains about eight acres of ground and is a continuation of the Elkton, the same vein running through the property.

THE LILLIE STRIKE.

The Reported Strike of More Importance Than at First Supposed.

The recent strike in the Bartholomew lease on the Lillie claim, on Bull hill, is of greater importance than first reported. The present lessees have been working some 20 days on the old shaft, and have continued straight down instead of following the incline. At a depth of 60 feet they encountered the ore body which had been opened up above. It had been displaced by a porphyry horse in the vein. Where the present lessees have found ore there is a streak several inches wide, two grab assays from which ran $167 and $137 to the ton.

For several inches next to this streak is a larger body of ore which is sorted and screened and ready for shipment. It assays $60 to the ton.

The Bartholomew lessees are under contract to sink the workings to 150 feet by July 1 and further to place a steam hoisting plant, a counterpart of the Vindicator plant, on the ground by April 1. This plant becomes the property of the Lillie Gold Mining company from the time it is erected on the ground.

In addition to the Bartholomew lease there are three other sets of lessees on the Lillie ground.

The next lease in importance to the Bartholomew is the Crandell lease, where a shaft has been sunk 75 feet on a vein, which while highly mineralized, carries, so far, a value of only $34.

The company has reserved a considerable tract of its ground for development on its own account. One-fifth of its capital stock, 200,000 shares, is in the treasury, and not a debt hangs over it.

Directly north of the Lillie and joining it, is the Vindicator, the Victoria and the Pocahontas; south and joining it is the Christmas and the Theresa, and east is the Lucky Friday.

Arcadia Ownership.

Manager F. F. Noxon of the Arcadia company, which started work again this week, will send out a car of ore from the property on Saturday next. It will go to a Denver smelter and it is estimated that it will run about $100 to the ton.

The shaft is now down 82 feet and the first level will be run at 75 feet to open ground for stoping, when the time for that to be done shall come. A steam plant will soon be erected on the claim and other improvements made.

The Abe Lincoln and Lilly claims, belonging to the Arcadia company, are quite close to the town of Cripple Creek, where there is a great deal of excitement about the strike. On the claims there are from 50 to 60 cabins built by squatters.

A directors' meeting was held yesterday when Mr. T. B. Crosby's name was added to the directory, which now consists of Messrs. J. C. Humb, G. S. Wilson, J. H. Crosby, E. S. Salyh and F. F. Noxon. It is understood that Lord Mountmorres and Mr. J. B. Crosby have become interested in the company, and that something more in this line may develop later.

Two Seats Change Hands.

Two seats on the Colorado Springs Mining Stock association changed hands yesterday. One was from Walter S. Cash to J. A. Sill, and the other was from H. P. Lillibridge to E. F. Sheffer.

The price paid for them was not stated, but it is understood that they were in the neighborhood of $1,000 each.

28½ North Tejon St. Colorado Springs, Colo.

Hard Luck.

The Anchoria-Leland company is in hard luck—a big vein of rich ore was opened up, and it was not wanted.

In sinking the big working shaft on the Chance it was the intention of the company to have a very strong working shaft, and for that reason a place was chosen where it was thought that only country rock would be found, and it was thought that ore would not be encountered until a depth of at least 400 feet was obtained.

At 140 feet a vein of ore has been encountered, as has already been stated in The Gazette's special from Cripple Creek, and word from Manager Howbert yesterday was to the effect that the vein was widening out and getting richer, as it was worked upon. Only the top of it was found on Wednesday, when it ran about 11 ounces to the ton. Tests made yesterday went considerable over 11 ounces.

Consolidated Company.

There has been considerable talk about a stockholders' meeting of the Consolidated company that it has been said is to be held shortly.

It appears that no annual meeting was held in December last, the regular time for holding it, so that the only thing of this kind that can be held now is one in lieu of the annual meeting. Nothing about a coming meeting was known at the headquarters of the company.

Current News.

Mr. E. C. Freyschlag has gone East on mining business and during his absence his seat on 'change has been transferred to Mr. M. O. Hoskins.

From a claim north of Barnard creek an assay of $31 to the ton was obtained a few days ago. The productive limits of Cripple Creek are as yet unknown.

Messrs. W. Ehrich and R. S. V. Crosby of the Crosby-Ehrich investment syndicate, left for camp last night on mining business in connection with the syndicate.

The management of the Moon-Anchor company is not satisfied with the weights given on its ore shipments, and so as to be in a position to check them a big scale has been purchased which will be put in on the ground.

Mr. Hawkins, the manager of the El Paso reduction works at Gillett, has left for Chihuahua, Mexico, to erect a reduction plant for a big mining company. Mr. Hawkins received a very flattering offer to stay down there for a long period, but will be back again as soon as the plant is running in ship shape order.

Mr. A. L. Tomblin has gone to Denver to engage in the manufacture of the assaying outfit known as the chrysometer. His interest in the Investment Syndicate has been purchased by Messrs. Rohrbacker and Connibal.

The Fullerton Consumption Cure.

Dr. Henry B. Hayden, dentist. El Paso block, 9 a. m. to 1 p. m.

TO ALL INTERESTED:

On Sunday, March 22, the Wabash line will establish an early morning Fast Mail train from St. Louis to Chicago and Toledo—leaving St. Louis at 8:45 a. m., arriving at Chicago at 11:30 a. m., and Toledo at 2:35 p. m.

This train will also carry through cars between St. Louis and New York.

Connections from the West: Leave Kansas City 6:30 p. m., arrive St. Louis 8:45 a. m.; leave St. Louis 8:45 a. m., and arrive at Toledo 2:35 p. m.

This will give direct connections with the Lake Shore and Michigan Southern at Toledo for all points East.

First Call

Colorado Springs, March 19.—Sales were not quite as large as usual at the morning call on the Board of Trade to-day amounting to 80,200 shares. Among the shipping mines very few stocks were traded in. Isabella was a trifle weak starting at about 48 and declining to 45¼ with only 1600 sales. Portland was strong and fairly active, having 1900 sales at $1 50¼. Union was active but weak. It sold as low as 49, but gained slightly before the close of the call and sold at about 50½. The total transactions in this stock amounted to 6900 shares. Pannie Rawlings was firm with 5000 shares around 12¼. Among the prospects Amanda was prominent with sales amounting to 10,000 shares at about 4¼. Sales of unlisted stocks amounted to 24,000 shares.

Second Call.

The afternoon call resulted in sales of 63,500 shares, all but 3000 of which were listed stocks. The sales for the day amounted to a total of 143,700 shares. Union made another slight advance toward regaining its position, but sold only 200 shares. Work was weak with 1700 sales. Buckhorn was quite active selling to the extent of 10,000 shares at 7½. The most prominent trader was Mutual which had a total of 20,000 shares at 6. Among the listed prospects the only active stock was Amanda, which had a total of 7000 shares at 5 to 5½. There was no activity among unlisted stocks.

WEST CREEK NOTES.

Items About the Camp Culled from the Local Press.

Nels Esperson and A. H. McCormack are pushing work on a group of claims southwest of camp. They are backed by Oklahoma capital and have money sufficient to develop a shipper.

The Middle Dale lode, owned by Brophy & Co., located two and a half miles west of camp has a vein of mineralized quartz 10 inches wide. This lode promises to be a shipper very soon.

A prominent business man of camp has three claims on which considerable depth, remarkable assays have been made. He leaves for Denver next week for the purpose of organizing a company for developing the property.

Stephen Canot brought some ore to town from a claim west of here, but on being pulverized and panned showed a considerable amount of free gold. Black sand was found in abundance.

Work on the Big Bonanza of the Rockies is being pushed night and day and great headway is being made. The formation of this lode is that of black iron which gives such favorable results in this district.

A company will soon be incorporated that have several good claims near Mineral hill. A remarkable find was made on one of these claims the first of the week. Mineralized quartz taken from the surface of the Silent lode made the remarkable run of $19,80. Work is being pushed and it is confidently expected that shipping ore will be struck at no great depth.

On March 1, Captain James Collins received an assay from his claim adjoining town that ran $12, and on the 11th inst received another assay of a five-foot deeper depth that gave $12 in gold. The shaft is down about 40 feet, and going deeper.

The Gold Dyke lode one mile south of camp, owned by a Colorado Springs company, has a 20-foot shaft which shows one of the greatest varieties of mineral in the district. Jasper blue porphyry deeply mineralized quartz talc. Cheese wax and other vein matter have been taken from this hole. Good assays have been had and the company is more than pleased with their prospects.

Attorney O. G. Hess is in camp from La Junta looking over our thriving town, with a possible view of opening a law office in the camp. Mr. Hess is one of the leading lawyers in the State and should he conclude to become a resident of the camp will be a valuable acquisition.

Uncle Richard Bird an old-time prospector landed in camp Wednesday, and is now roaming our mineralized hills with pick and shovel determined to find out what they contain. If its in the cards Dick will draw a full hand in the early future.

At North Cripple Creek three miles east of West Creek there has been found in the company's shaft sulphide of copper ore which assays $40 in copper and $12 60 in gold. The shaft is at a depth of 30 feet and a contract has been let to sink it 50 feet deeper.

Ore from the Lone Swede group located northeast of town in Missouri gulch, shows a considerable amount of gold upon panning. Mr. Crawford recently panned some of the ore and immediately purchased 1000 shares of stock upon the strength of his find.

Charley A. Coryell and Phil Robinson of Denver arrived in camp yesterday, by wagon, with six months provisions intact, have rented a cottage on North Santa Fe avenue and will prospect the district thoroughly. Both are gentlemen of wide mining experience, and will find gold if it is in the earth, underneath or on top of it. (West Creek Times.

Weekly Letter Extracts.

In their weekly letter Messrs J. McKerriday & Co. say: "The market has been in a very encouraging condition during the past week, everything on the list showing a marked advance.

"Among the leading stocks Isabella has risen to 58½ on the declaration of a dividend of 1 cent per share payable March 25. Union has been active from 50 to 53. Favorite advanced from 7½ to 10. Mollie Gibson remained strong at 65 bid, 70 asked.

"On the Portland property the big Burns shaft, now down 500 feet, has made connections with the Portland mine. The connecting shaft was run through ore for a distance of 1600 feet, and 200 tons of this ore has been brought to the surface through the new shaft.

"The great strength shown by Anaconda is due to another strike made recently in the Anaconda tunnel at a distance of 2600 feet. The ore chute is stated to be two or three feet wide and runs from two to three ounces of gold to the ton. As the ore is easily mined several carloads have been shipped already.

"As the Isabella company is now earning about $25,000 per month and since it takes $20,500 to pay a dividend of 1 cent per share, it will be seen that the company is in very good shape. Besides paying a monthly dividend of 1 cent per share, a large reserve fund will be accumulating.

"There is some talk of the erection of a plant for the reduction of low grade gold ores at Colorado City. The plant, if built, will be able to handle from 200 to 300 tons of ore per day, but will be so arranged that the amount can be raised to 600 tons without incurring much extra expense.

"An addition to the number of reduction works is much to be desired. The high charges made by the smelters are a great detriment to the camp. Enormous quantities of low grade ore are being held back which would be shipped if fair rates could be obtained for its treatment."

In his weekly letter Mr. N. Leiphoimer says: "A change of considerable importance has taken place since the last publication of my weekly letter. The buyers of mining stock begin to discriminate between the companies of real merit and those being organized for stock-jobbing schemes.

"A healthy reaction has occurred, which has purified the air. The exchanges which heretofore have called every stock and allowed the trading on the floor promiscuously, have made a selection of good stocks and stopped the trading in others. Great care is exercised before new stocks are admitted on the list of the Colorado Springs Mining Stock association, and other reputable exchanges are making similar efforts to prevent the official listing and trading in doubtful securities.

"Declines in stock prices have occurred, caused by political and financial disturbances and complications and by an excess of new stock creations for which there was no market. Many holders have been forced to sacrifice a part of their holdings in order to be able to carry the balance of their stock. These blocks seem to be absorbed and to have come into stronger hands, eliminating weak elements through this process of liquidation.

"The growth of the Cripple Creek Mining district, the extension of the new discoveries beyond the known limits and the expected increase of the output for 1896 have recently stimulated the stock market to a large degree. Four companies are on the eve of declaring dividends. They are the Moon-Anchor, the Archoria-Leland, the Pikton and the Raven which furnishes an indisputable evidence of the vast amount of valuable mineral lying amidst the hills of Cripple Creek.

EASTERN MARKETS.

NEW YORK STOCK MARKET.

New York, March 19.—Money on call has been firm at 3@4 per cent, last loan at 3 and closing offered at 3. Prime mercantile paper 5½@6 per cent. Bar silver 63¾. Mexican dollars 54¾. Sterling exchange is steady with actual business in bankers' bills at $4 86½@4 87 for 60 days and $4 87¾@4 88 for demand. Posted rates $4 87@4 88½, commercial bills $4 85¾@4 86½. Government bonds steady. State bonds dull. Railroad bonds lower. Silver at the board was easier.

The improvement in the political situation abroad had a good effect on stock prices at the opening and the prominent issues moved up ¼@1½ per cent. In this rise Edison Electric, Illuminating of New York and Tobacco led the upward movement. The gain in the standard issues was of small proportions notwithstanding purchases of fully 10,000 shares of St. Paul, L. & N. and Erie for London account. Local dealers who have been working for a reaction for some days were alarmed by the foreign buying and covered. This stimulated the upward movement at the opening. Toward it broke the market developed weakness and the professional operators and commission houses were rather liberal sellers. The selling was based on the unsatisfactory trade conditions and vague rumors that there would be unfavorable developments in Congress in the matter of the Cuban and Venezuelan questions. Prices dropped anywhere from ¼ to 2½ per cent. Wheeling and Lake Erie preferred fell 2½ to 32½, Tennessee Coal 1½ to 35¾ and the other leading issues ¼ to 1½ per cent. In the last hour of trading there was a disposition to cover shorts and a rally of ¼ to ¾ per cent ensued. Sugar led with sales up to 115½. The market closed barely steady in tone. The sales were 174,000 shares.

CHICAGO GRAIN.

Bonds were lower. Sales $1,417,600.

Chicago, March 19.—Yesterday's wheat buyers did not complete the task of selling out on the break which took place at the close of that day's session, and when they found things still unpromising and disappointing this morning started in at the opening to finish up that what had been left undone. A decline of 1 cent from yesterday's final figures during the first half hour's trading occurred, after which the pressure was not so great and prices exhibited some steadiness.

Corn preserved a steadier tone than wheat. The receipts were quite up to the estimate, 453 cars, and the average arrivals of late have been fully as large as could be expected. The trade, however, has been relying on the ruling low prices as an obstacle to any great decline, but, at the same time, have shown wariness about assuming a radically bull attitude.

CLOSING PRICES.

Wheat—March 69¾@69⅞. May 62¼@62⅜. July 62⅞.
Corn—March 28¾@28½. May 29⅝@29¾. July 30⅝.
Oats May 20¼@20½. July 20¾@20½. Sept 20⅝.
Pork—May $9 37½. July $9 35.
Lard—May $5 30. July $5 45.
Ribs May $4.22½. July $5 05.

Chicago Live Stock.

Union Stockyards, Ill., March 19. Cattle Receipts, 12,000. Fancy beeves $4 40@4 60, choice to prime steers, $4 10@4 25, good to choice steers $3.85@4.05, medium steers, $3 60@3 80, stockers, $2.85@3.75, cows and heifers, extra, $3 10@3.35, Texas-fed steers, $2 10@4 00. Texas bulls, oxen and cows, $2.10@3.10. Other prices unchanged.

Hogs Receipts, 31,000. Heavy packing and shipping lots, $3 85@3 95; common to choice mixed $3 80@3 90; choice assorted $3.90@4 05, light, $3.80@4 07½; pigs, $3.00@4 00.

Sheep—Receipts 14,000. Inferior to choice, $2.75@4 00; lambs, $3 60@4 70.

NORTH END VACANT LOTS.

For a building company which is now being organized we have recently purchased a large number of lots in the North End Addition, and the lots will be subdivided so that a number of the building sites will have south frontages. There are 34 building lots to choose from and they are now on the market at very reasonable prices. The building company will soon begin erecting modern houses on these lots, and it is the intention to rapidly build up the locality. All north end street cars pass these lots, and it is but a few minutes longer ride than to the College Location. The lots offered for sale are of various sizes and face of North Tejon, Fontanero, Washington and Jefferson streets.

Among the best bargains are the following:
45x100 feet, south front Fontanero street, only a block from Tejon, $450.
Corner alley, 45x100, between Tejon and Cascade, south front on Fontanero, $900.
Corner of Tejon and Jefferson, 50x100, with alley, $1100.
45x100 feet with alley, on Jefferson, only 100 feet from Tejon, $500.
South front, corner, on alley, 45x100, $650.
50x100 feet with alley, east front on Tejon, $600.
Other lots 37½x190, 50x190 and 100x190.

Remember, that there are 34 lots to choose from, and that the prices will advance as soon as building operations begin.

ON INSTALLMENTS

We have some very fine lots in the northern part of the city that we are offering for sale on the installment plan, ranging in price from $250 to $600.

We expect that these lots will sell very readily, and if you wish to get a good building lot, on easy monthly payments, it will be to your advantage to call and see us before they are all sold.

Some of the finest residences in the city are within 2 or 3 blocks of these lots.

There are only 16 of these lots in all, and the first purchasers will get the pick of the lots.

There were ten suits filed in the county court yesterday.

To-night the Prohibitionists meet at room 12 Bank block, at 7:30, to decide regarding a city ticket.

Miss F. L. Thomas announces her annual spring millinery opening in another column of The Gazette.

In the second division of the district court yesterday judgment was given by stipulation in a number of suits.

Mr. G. Blumenau, president of the Prince Djalmar Co., leaves this even for Denver on company business.

Mrs. Will Wood and daughter, Miss Frances, of Marshall, Mo., are visiting Mrs. Shepherd at 517 North Tejon street.

Mrs. W. S. Walker and Mr. and Mrs. E. C. Heap returned yesterday from a visit to California, where they spent the winter.

The Juvenile Temple J. O. of. U. T. will meet at Odd Fellows hall to-day at 4 p. m. All members are requested to be present.

The declamation contest at the High school this evening will without doubt be a very pleasing affair. A very small admission fee is charged.

A suit in the District court yesterday is entitled Samuel L. Carleton vs. John Chandler et al., and asks for a receiver in a lease on the Necessity lode.

The Y. P. S. C. E. of the English Lutheran church will hold a basket social in the church, corner of Platte and Weber, this evening. All are invited.

The Garfield Progress club will meet with Mrs. W. H. W. Boyle, 423 North Nevada this afternoon at 4 o'clock. All members are urged to be present.

Mrs. J. S. Gibson has received a telegram from Omaha, announcing the death of her mother, Mrs. Harney, which occurred on Wednesday. Mrs. Harney was 82 years of age.

Monte Rosa Lodge No. 4, I. O. O. F., Daughters of Rebecca, will celebrate an anniversary this evening. Several candidates will be initiated. After the work of the lodge there will be an entertainment to which all members of Pike's Peak lodge are invited.

The examination for teachers' certificates will begin this morning at 8:30 in the science room at the High school. There is no fee for making the examination. Pen, ink and paper will be furnished by the superintendent.

At the meeting of the Scientific society, to be held at the Observatory this afternoon at 4:15 o'clock, Prof. Loud will read a paper entitled "The Sabbath in Relation to Primitive Astronomy." The public is invited to attend the meeting.

A suit filed in the District court yesterday is entitled Kate Ellis vs. Louis Brewin et al., and asks for an accounting in the management of the Katie B claim. Practically the same suit was filed once before in the court.

Hon. E. G. Perkins of Denver, formerly county assessor of this county, was in the city yesterday visiting old friends. Mr. Perkins says that he and his family are looking forward to the day when they will come back to Colorado Springs to make their home here again.

The entertainment recently given so successfully by the pupils of the Washington school at the High school auditorium will be repeated with new features this evening at the Second Presbyterian church, Seventh street and Washington avenue. Admission 15 cents; children 10 cents.

Mr. George Ellsworth and Miss Tilda Nelson were married yesterday evening at the parsonage of the United Presbyterian church, Rev. Pressly Thompson officiating. The groom is a teacher by trade, and well known in this city. The bride is a charming young lady with a host of friends. Their home will be in the city.

Members of El Paso Lodge, No. 12, and Acacia Lodge, No. 43, who wish to go over to Manitou to visit No. 68 this evening will meet at the corner of Pike's Peak avenue and Tejon street and take the 7 o'clock car. A car will be held for them in Manitou. The Manitou lodge extends a cordial invitation to all Masons. The M. M. degree will be conferred.

There will be a social in the United Presbyterian church this evening beginning at 8 o'clock. The programme will consist of songs and recitations followed by a good time and refreshments. The social is to be given by the Willing Workers, a band of young girls, belonging to Mrs. E. W. Stanley's class in the Sabbath school. Members and friends are cordially invited.

R. M. Welch, who was appointed by Mr. Gideon to have control of all L. A. W. races in the west, has renounced control of Colorado and Mr. C. W. Dawson the vice consul, has asked for the appointment of Mr. Doty of Denver. A letter received by Mr. Dawson from Mr. Gideon states that he will probably appoint Mr. Dawson as requested.

The will of the late John Allan Doubleday was filed for probate in the county court yesterday. The will names J. A. Connell and Alfred Rope as executors. When George Doubleday died a few months ago, he left his property to his brother. This is now willed to their father in England, but Mr. John Doubleday wills all of his estate to his fiancee, a young lady of the city who is now abroad.

Some time since the county judge of Douglas county issued an injunction restraining the town of Pendleton from holding an election to incorporate under the name of West Creek. Yesterday Judge Harris issued a writ of certiorari taking the matter from the county court to the district court. This was done under a showing that there was manifest error in the proceedings in the county court, and will give the higher court an opportunity to review the case.

Tuesday and Wednesday of this week Coroner Marlow was in Victor investigating the death of a man named Leonard Shelter. Shelter died of pneumonia and two men who were living with him gave notice of the death, and then disappeared. A few days previous Shelter had traded some mining claims for real estate in Pueblo and on his return had about $200 with him. This money and all memoranda of the real estate had likewise disappeared. The payment of a bill owed to Shelter has given funds sufficient to provide for the funeral which occurs to-day.

Awarded Highest Honors World's Fair.

The Fullerton Consumption Cure.

Special sale on Mackintoshes this week at The May—$4 up.

Wanted at once, a millinery apprentice at 128 E. Pike's Peak ave.

Dr. Henry B. Hayden, dentist. El Paso block, 9 a. m. to 1 p. m.

Have you consumption in the first or second stages? Have you gone to Colorado Springs, the land of sunshine and pure air, for months, perhaps for years, and find that while you have made much improvement, you are yet far from being well, and are aware that as soon as you return to your homes in a low altitude the bacilli will again become active and light up afresh? Science offers you a remedy in the Fullerton Hypodermic Consumption Cure, a vegetable medicine that destroys the germ, and will complete what this fine climate on earth has begun, and thus enable you to return to your friends and home in safety. Remember we make no claims of cure in the advanced stages. No climate, sunshine or medicine can hope to restore a lung when once destroyed. Don't procrastinate, as every day brings you nearer the incurable line. Call and interview patients under treatment and those recently discharged cured in this city. Consultation and examination free. Rooms D and E, Exchange block.

G.O. Taylor Whiskies, standard medicinal stimulants.

Graduate Optician ASHBY, the jeweler, has his stock replenished after the holidays. See him for birthday and wedding presents if you want the best.
